

May 12, 1975

This public hearing was called to order by Mayor Fogelberg at 2:00 P.M. at City Hall. Present were Councilmen Foss, Olson, Andolshek, Peterson, Clerk Perkins, Norma Kouba, William Jensen, and Pat Uppgaard.

Mayor Fogelberg stated the purpose of the hearing to be an opportunity for the public to ask questions and make comments and suggestions in regard to the proposed community center. The City is making application for a Federal Grant in order to construct the center and is asking for public opinion of the project.

There were no visitors at the session, possibly due to the widespread discussion of the project in the area prior to the hearing. Much effort had been made by the committee to inform the public of the proposed project.

Councilman Olson moved, with second by Andolshek, to adjourn the meeting at 3:00 P.M. Carried.
