

PINE POINT ROAD PUBLIC HEARING
RECONVENED JANUARY 14, 2002
7:00 P.M. – CITY HALL

Mayor Swanson called the Public Hearing to order to reconvene the December 14, 2001 hearing that was recessed. The purpose of the recess was to allow time for the City Engineer to meet with the residents who requested at the December 14th meeting, that approximately 225 feet of roadway be realigned to the center of the right-of-way. Present at the hearing was Mayor Darrell Swanson, Sandy Eliason, Charles Miller, Irene Schultz and Dean Swanson. Also present was City Administrator Tom Swenson, City Attorney Paul Sandelin, City Engineer Dave Reese, Public Works Director Ted Strand and Clerk/Treasurer Darlene Roach. (Sign in sheet attached as a permanent part of the minutes.)

The hearing was turned over to City Engineer Dave Reese who presented the revised plan for improvement to Pine Point Road. On December 20, 2001, Dave Reese met with the abutting property owners to review the roadway. A revised calculation of costs for improvement to the currently un-maintained portion of road, which realigns the approximately first 225 feet of roadway, was prepared for presentation at this hearing. Since this portion of road is un-maintained by the City, the cost of the project will be assessed to the property owners at 100%. The revised estimated construction cost is \$9,640 with \$964 (10%) for contingency and \$5,300 for engineering, legal and administration costs for a estimated project cost of \$15,900.

City Administrator Tom Swenson read a note received from Chuck Rieschl who stated that he has spoken with the Reaks, Schultzes, and Frechetts and everyone is aware of the increased cost for the project and everyone says "ok". Elaine Laurence addressed the Council and stated that all of the residents are in favor of proceeding with the project.

There being no further comments, MOTION PH3-01-02 WAS MADE BY SANDY ELIASON AND SECONDED BY IRENE SCHULTZ TO ADJOURN THE PUBLIC HEARING AT 7:09 P.M. MOTION CARRIED WITH ALL AYES.
