- H. NEW BUSINESS
- I. OLD BUSINESS
- J. CITY ATTORNEY REPORT
- K. ADJOURN

SPECIAL COUNCIL MEETING CITY OF CROSSLAKE TUESDAY, MARCH 8, 2022 10:00 A.M. – CITY HALL

The Crosslake City Council held a Special Meeting on Tuesday, March 8, 2022. The following Council Members were present: Mayor Dave Nevin, Aaron Herzog, and Marcia Seibert-Volz. John Andrews attended via Zoom because he was in California and Dave Schrupp attended via Zoom because he was in Florida. Also present were City Administrator Mike Lyonais, City Clerk Char Nelson, Police Chief Erik Lee, Public Works Director Ted Strand, Park Director TJ Graumann, Labor Attorney Jessica Durbin and AFSCME Labor Union Representative Troy Bauch. There were six people in the audience.

- 1. Dave Nevin called the meeting to order at 10:00 A.M.
- 2. TJ Graumann asked that the Council to consider reclassifying Park Maintenance Worker Josh Runksmeier as Heavy Equipment Operator. Mr. Graumann stated that Mr. Runksmeier has been a dedicated and valuable employee and believes his skills will benefit both the Public Works and Park Departments in the future. Ted Strand stated that Terry Kinkaid used to hold this position a few years ago and it worked well to have him available to drive heavy equipment when needed. MOTION 03SP1-01-22 WAS MADE BY AARON HERZOG AND SECONDED BY MARCIA SEIBERT-VOLZ TO APPROVE THE JOB RECLASSIFICATION FOR JOSH RUNKSMEIER FROM PARK MAINTENANCE WORKER (STEP 8 \$19.16) TO HEAVY EQUIPMENT OPERATOR (STEP 6 \$22.99). ROLL CALL VOTE WAS TAKEN AND MOTION CARRIED WITH ALL AYES.
- 3. Police Chief Erik Lee reported that the Public Safety Commission reviewed the early and overnight parking that takes place at Andy's parking lot days before the St. Patrick's Day parade. Chief Lee stated that people start parking cars in the area earlier each year. Last year the City set up barricades 20 feet back from the curb and parade attendees pushed them to the curb. A discussion ensued regarding how to control the issue and how and when to regulate the parking. MOTION 03SP1-02-22 WAS MADE BY AARON HERZOG AND SECONDED BY JOHN ANDREWS TO DIRECT STAFF TO PUT SIGNAGE AT ANDY'S PARKING LOT STATING "NO OVERNIGHT PARKING OR VEHICLE WILL BE TOWED" STARTING 3/12/22 AND TO PLACE BARRICADES 30' BACK FROM THE CURB LINE TO PREVENT PARKING AROUND THE EDGES OF THE PARKING LOT. ROLL CALL VOTE WAS TAKEN AND MOTION CARRIED WITH ALL AYES.
- 4. The Council continued meeting in closed/open session with AFSCME Labor Union at 10:20 A.M.

Respectfully Submitted,

Charlene Nelson City Clerk

REGULAR COUNCIL MEETING CITY OF CROSSLAKE MONDAY, MARCH 14, 2022 7:00 P.M. – CITY HALL

The Crosslake City Council held the Regular Council Meeting on Monday, March 14, 2022 in City Hall. The following Council Members were present: Mayor Dave Nevin, John Andrews, Aaron Herzog, and Marcia Seibert-Volz. Dave Schrupp participated via Zoom from 752 Avenida Estancia, Unit J, Venice, Florida, 34292, which is open and accessible to the public. Also in attendance were City Administrator Mike Lyonais, City Clerk Char Nelson, Fire Chief Chip Lohmiller, Public Works Director Ted Strand, Zoning Administrator Pete Gansen, Police Chief Erik Lee, City Engineer Phil Martin, and City Attorney Brad Person. Northland Press Reporter Paul Boblett and Echo Journal Reporter Nancy Vogt attended via Zoom. There were approximately eighteen audience members in City Hall and on Zoom.

- A. CALL TO ORDER Mayor Nevin called the Regular Council Meeting to order at 7:02 P.M. The Pledge of Allegiance was recited. Mayor Nevin read the list of additions to the agenda. <u>MOTION 03R-01-22 WAS MADE BY AARON HERZOG AND SECONDED BY</u> <u>MARCIA SEIBERT-VOLZ TO APPROVE THE ADDITIONS TO THE AGENDA. ROLL</u> <u>CALL VOTE WAS TAKEN AND MOTION CARRIED WITH ALL AYES.</u>
- **B. PUBLIC FORUM** Peter Graves of 14131 Sugarloaf Road addressed the Council and read a prepared letter regarding his disappointment that the Council continues to discuss the issue of Council Members attending meetings via Zoom. Mr. Graves noted that the Council had agreed at a previous meeting to no longer discuss the matter, yet the topic came up again last month. Mr. Graves stated that 60% of the tax levy received comes from seasonal residents and those residents should be represented by the Council as well, even if they do not vote here. Mr. Graves stated that Council Members that go away for a few months are still representing the residents, both year-round and seasonal.

Cindy Myogeto of the Chamber thanked staff for the preparation of the St. Patrick's Day parade, as well as her volunteers, Bob Heales and Laura Goerges.

C. CONSENT CALENDAR – MOTION 03R-02-22 WAS MADE BY AARON HERZOG AND SECONDED BY JOHN ANDREWS TO APPROVE THE FOLLOWING ITEMS LISTED ON THE CONSENT CALENDAR:

- 1. Regular Council Meeting Minutes of February 14, 2022
- 2. Unadjusted Draft: 02.28.2022 Month End Revenue Report
- 3. Unadjusted Draft: 02.28.2022 Month End Expenditures Report
- 4. Police Report for Crosslake February 2022
- 5. Police Report for Mission Township February 2022
- 6. Fire Department Report February 2022
- 7. North Ambulance Run Report February 2022
- 8. Public Safety Commission Meeting Minutes of February 2, 2022
- 9. Planning and Zoning Monthly Statistics
- 10. Public Works Commission Meeting Minutes of February 7, 2022
- 11. Waste Partners Recycling Reports for January 2022

- 12. Bills for Approval in the Amount of \$103,691.08
- 13. Additional Bills for Approval in the Amount of \$18,921.67 ROLL CALL VOTE WAS TAKEN AND MOTION CARRIED WITH ALL AYES.

D. MAYOR'S REPORT

- 1. The Council reviewed a letter dated February 24, 2022 from the Crow Wing County Historical Society requesting financial support. The Council has not contributed funds to this organization in the past. No action was taken.
- 2. MOTION 03R-03-22 WAS MADE BY JOHN ANDREWS AND SECONDED BY DAVE SCHRUPP TO APPROVE RESOLUTION NO. 22-08 ACCEPTING DONATIONS FROM PAL FOUNDATION IN THE AMOUNT OF \$2,004.25 FOR BLEACHERS AND FROM LAUREL LABORDE IN THE AMOUNT OF \$2,000.00 TO THE FIRE DEPARTMENT FIRST RESPONDERS FOR SUPPLIES. ROLL CALL VOTE WAS TAKEN AND MOTION CARRIED WITH ALL AYES.
- 3. In response to a Request for Proposal for Banking Services, the Council received and reviewed proposals from the following local banks: First Western Bank & Trust, First National Bank, Frandsen Bank & Trust, and Riverwood Bank. Dave Nevin stated that the City has used Frandsen Bank for many years and thought the City should spread its business around to others. Mr. Nevin suggested changing banks every five years. Mike Lyonais noted that all banks have pass through charges, but only Frandsen offered no fees and no changes to their current services. Dave Schrupp stated that there was no benefit to change banks and the process to change was complicated. MOTION 03R-04-22 WAS MADE BY JOHN ANDREWS AND SECONDED BY DAVE SCHRUPP TO KEEP ITS BANKING WITH FRANDSEN BANK & TRUST. ROLL CALL VOTE WAS TAKEN AND MOTION CARRIED WITH ALL AYES.
- 4. Aaron Herzog reported that the Public Safety Commission discussed the possibility of the City adopting a Short-Term Rental Ordinance which would be more restrictive than Crow Wing County and would include safety inspections. Mr. Herzog suggested that the Council direct staff to start working on an ordinance and reviewing the costs involved with issuing permits, inspections, and enforcement for budget purposes. Mr. Herzog suggested that staff report its progress to Council on a monthly basis. <u>MOTION 03R-05-22 WAS MADE BY AARON HERZOG AND SECONDED BY JOHN ANDREWS TO DIRECT STAFF TO START WORKING ON AN ORDINANCE TO REGULATE SHORT-TERM RENTALS AND TO DETERMINE THE STAFFING NEEDS TO IMPLEMENT AND ENFORCE IT. ROLL CALL VOTE WAS TAKEN AND MOTION CARRIED WITH ALL AYES.</u>
- 5. Dave Nevin stated that the Council voted to restrict parking around the edge of Andy's parking lot for the parade and he was surprised that he did not get a lot of push back from the public. Mr. Nevin suggested that the lot be used for handicapped parking only. Erik Lee stated that he has been directing handicapped motorists to park at Reed's Market. Bob Heales of 14369 Swann Drive stated that if handicapped people parked at Andy's

and wanted to stay in their vehicle, they would not be able to see because there would be too many people standing in front of them.

6. Dave Nevin announced that he would be holding a townhall meeting at Moonlite Bay on Thursday, April 21 at 6pm and the topic would be the assessment policy. Mr. Nevin welcomed the rest of the Council to attend.

E. CITY ADMINISTRATOR'S REPORT

- 1. MOTION 03R-06-22 WAS MADE BY AARON HERZOG AND SECONDED BY JOHN ANDREWS TO APPROVE THE 2022-2023 FIRE SERVICE CONTRACTS WITH THE CITY OF MANHATTAN BEACH AT A COST OF \$13,541.50 AND WITH FAIRFIELD TOWNSHIP AT A COST OF \$23,045.61. ROLL CALL VOTE WAS TAKEN AND MOTION CARRIED WITH ALL AYES.
- 2. <u>MOTION 03R-07-22 WAS MADE BY AARON HERZOG AND SECONDED BY</u> <u>DAVE SCHRUPP TO APPROVE RESOLUTION NO. 22-09 RE-ESTABLISHING</u> <u>PRECINCTS AND POLLING PLACES. ROLL CALL VOTE WAS TAKEN AND</u> <u>MOTION CARRIED WITH ALL AYES.</u>
- 3. <u>MOTION 03R-08-22 WAS MADE BY AARON HERZOG AND SECONDED BY</u> JOHN ANDREWS TO ACCEPT CASH IN LIEU OF LAND FOR THE HUSS LOT SPLIT, PARCEL ID 14110520, IN THE AMOUNT OF \$1,500. ROLL CALL VOTE WAS TAKEN AND MOTION CARRIED WITH ALL AYES.
- 4. MOTION 03R-09-22 WAS MADE BY DAVE SCHRUPP AND SECONDED BY JOHN ANDREWS TO APPROVE THE CONSTRUCTION COST SHARE AND MAINTENANCE AGREEMENT BETWEEN CROW WING COUNTY AND THE CITY OF CROSSLAKE FOR COUNTY STATE AID HIGHWAY SANITARY SEWER EXTENSION PROJECT. ROLL CALL VOTE WAS TAKEN AND MOTION CARRIED WITH ALL AYES.
- 5.a. MOTION 03R-10-22 WAS MADE BY JOHN ANDREWS AND SECONDED BY DAVE SCHRUPP TO APPROVE THE INTERFUND TRANSFER IN THE AMOUNT OF \$8,437.88 FROM THE GENERAL FUND TO THE SEWER FUND TO COVER THE 2021 SEWER FUND CASH DEFICIT. ROLL CALL VOTE WAS TAKEN AND MOTION CARRIED WITH ALL AYES.
- 5.b. Mike Lyonais presented the preliminary final fund balances as of 12/31/2021. Marcia Seibert-Volz stated that the spreadsheet shows that the balance in the Police Equipment Fund is \$171,000. Ms. Seibert-Volz stated that she has asked about this before because she didn't want to levy more funds for equipment in 2022 with such a high balance. Mike Lyonais replied that the year-end balance is not \$171,000 and that the Council reviewed this fund in detail at last month's meeting. The current fund balance is \$115,958.22. MOTION 03R-11-22 WAS MADE BY DAVE SCHRUPP AND SECONDED BY JOHN ANDREWS TO GIVE PRELIMINARY APPROVAL FOR ASSIGNED AND RESTRICTED FUND BALANCES, SUBJECT TO FINAL RECONCILIATION WITH

THE FINAL AUDITED FINANCIAL STATEMENTS. ROLL CALL VOTE WAS TAKEN AND MOTION CARRIED WITH ALL AYES.

- 6. MOTION 03R-12-22 WAS MADE BY JOHN ANDREWS AND SECONDED BY AARON HERZOG TO APPROVE THE DRAFT DRUG AND ALCOHOL-FREE WORKPLACE AND TESTING (NON-DOT) POLICY AND AUTHORIZE THE DISTRIBUTION TO ALL BARGAINING UNITS FOR COMMENT. ROLL CALL VOTE WAS TAKEN AND MOTION CARRIED WITH ALL AYES.
- 7. John Forney, President of the National Loon Center Foundation, addressed the Council and gave a brief history of the development of the foundation. Mr. Forney stated that the foundation has an opportunity to apply for two significant funding grants and that the deadline for submitting them is approaching.

Jon Mobeck, Executive Director of the National Loon Center Foundation, attended via Zoom and provided the Council information on the grants. MN State bonding funds of \$7.9 million would be utilized for site preparation, pre-design, construction, furnishing and equipping of the National Loon Center. \$3.5 million from federal funding would be used to fund part of the National Loon Center project. There are no costs to the City.

Bob Long, Vice President of the National Loon Center Foundation, provided a copy of a resolution for the Council to consider approving in support of the Center seeking state and federal funds. <u>MOTION 03R-13-22 WAS MADE BY AARON HERZOG AND SECONDED BY JOHN ANDREWS TO APPROVE RESOLUTION NO. 22-10 SUPPORTING STATE AND FEDERAL FUNDING FOR THE NATIONAL LOON CENTER. ROLL CALL VOTE WAS TAKEN AND MOTION CARRIED WITH ALL AYES.</u>

F. COMMISSION REPORTS

1. PUBLIC SAFETY

- a. <u>MOTION 03R-14-22 WAS MADE BY AARON HERZOG AND SECONDED BY</u> <u>DAVE SCHRUPP TO REMOVE OFFICER ADAM CASANOVA FROM</u> <u>PROBATIONARY STATUS EFFECTIVE MARCH 3, 2022 AND MOVE HIM</u> <u>FROM STARTING WAGE TO STEP 1 OF THE CURRENT TEAMSTERS UNION</u> <u>CONTRACT. ROLL CALL VOTE WAS TAKEN AND MOTION CARRIED</u> <u>WITH ALL AYES.</u>
- b. <u>MOTION 03R-15-22 WAS MADE BY AARON HERZOG AND SECONDED BY</u> JOHN ANDREWS TO REMOVE SERGEANT JAKE MAIER FROM <u>PROBATIONARY STATUS EFFECTIVE MARCH 3, 2022.</u> Chief Lee stated that Sergeant Maier has shown a willingness to learn new duties and tasks and has attended a five-day training for new police chiefs and command staff. Chief Lee added that Sergeant Maier has excelled in his new position. <u>ROLL CALL VOTE</u> <u>WAS TAKEN AND MOTION CARRIED WITH ALL AYES.</u>

c. Chief Lee reported that the Crow Wing County Police Chief's Association, in collaboration with Wadena County and other Region 5 Law Enforcement Agencies, is applying for Impact Funding from Sourcewell for the purpose of retaining Lexipol to convert current department policy manuals. Lexipol is a national organizational that works with law enforcement agencies across the country. The benefits of converting our current policies are that all policies are vetted by Lexipol Legal Staff, neighboring agencies will have similar policies, and the program allows for administration to assign review of policies to officers on a daily basis. The initial funding request would be for two years of subscription to Lexipol in addition to the initial set up of the Police Manual. Chief Lee noted that Crosslake's current policy is 450 pages. The third year, the City could elect to extend or discontinue the contract. Chief Lee requested that the Council approve the provided resolution which is a request to Sourcewell to fund the program. MOTION 03R-16-22 WAS MADE BY JOHN ANDREWS AND SECONDED BY AARON HERZOG TO APPROVE RESOLUTION NO. 22-11 SUPPORTING THE COMMUNITY IMPACT FUNDS REQUEST BY CROSSLAKE POLICE DEPARTMENT FOR FUNDING OF A POLICY CONVERSION PROJECT. ROLL CALL VOTE WAS TAKEN AND MOTION CARRIED WITH ALL AYES.

2. PUBLIC WORKS/SEWER/CEMETERY

- a. MOTION 03R-17-22 WAS MADE BY JOHN ANDREWS AND SECONDED BY DAVE SCHRUPP TO APPROVE THE ESTIMATED COST OF \$194,790 FOR PROFESSIONAL ENGINEERING FEES TO COMPLETE THE SEWER EXTENSION PROJECT, INCLUDING FINAL ASSESSMENT AND PUBLIC HEARING, CONTRACT ADMINISTRATION, CONSTRUCTION STAKING, OBSERVATION AND RECORD DRAWINGS. ROLL CALL VOTE WAS TAKEN AND MOTION CARRIED WITH ALL AYES.
- b. Included in the packet for Council information was a letter dated February 16, 2022 from Crow Wing County Highway Department and a copy of the annual bridge inspections report.
- c. Ted Strand reported that the City received notice from Crow Wing County Highway Department that the bridge inspection on Bridge Number 18533 (Dream Island Road over Little Pine Lake Channel) showed that the bridge was in need of minor repairs. Mr. Strand stated that the repairs would be done by staff this spring.
- d. Ted Strand gave a brief update on moving the building from the Public Works Garage to the Community Center. Mr. Strand has not received final costs from all the suppliers but estimated the total cost to be about \$25,000 to move and repair the building. Aaron Herzog asked that Ted Strand and TJ Graumann bring costs and funding source to next regular meeting.
- **G. PUBLIC FORUM** Tom Swenson of 35533 Sand Pointe Drive stated that he reviewed the fund balance information that was included in the packet and was confused about the balance

of the police department equipment fund balance. Mike Lyonais invited Mr. Swenson to stop in to City Hall and he would go through it with him.

Jerry Volz of 37668 Moen Beach Trail stated that cars are driving fast through the parking lot between the coffee shop and Holiday Station and asked what could be done. Chief Lee stated that they were looking at putting some speed bumps in there.

H. NEW BUSINESS – None.

I. OLD BUSINESS – Marcia Seibert-Volz asked that the Fire and Public Works Departments bring a list of items that are being stored at the Public Works Garage to the Council, so that they can be declared surplus and sold or disposed of.

J. CITY ATTORNEY REPORT -

a. <u>MOTION 03R-18-22 WAS MADE BY MARCIA SEIBERT-VOLZ AND SECONDED</u> <u>BY AARON HERZOG TO TRANSFER \$110,000 FROM PUBLIC WORKS CAPITAL</u> <u>OUTLAY, FROM THE SKID STEER AND SNOW BLOWER THAT WERE NOT</u> <u>PURCHASED, TO SEWER CAPITAL OUTLAY TO COVER PART OF THE COST</u> <u>OF THE LAND THAT THE CITY WILL PURCHASE FROM RANDY NESS. ROLL</u> <u>CALL VOTE WAS TAKEN AND MOTION CARRIED WITH ALL AYES.</u>

MOTION 03R-19-22 WAS MADE BY DAVE SCHRUPP AND SECONDED BY MARCIA SEIBERT-VOLZ TO APPROVE THE REAL ESTATE SALE AGREEMENT WITH RANDY NESS FOR THE PURCHASE OF MR. NESS' PROPERTY AT 35205 RIVERWOOD TRAIL AT A COST OF \$175,000. ROLL CALL VOTE WAS TAKEN AND MOTION CARRIED WITH ALL AYES.

e. The City Council moved into closed session to discuss land negotiations/settlement at 8:41 P.M.

The Council resumed the regular session at 9:00 P.M. <u>MOTION 03R-20-22 WAS</u> MADE BY DAVE NEVIN AND SECONDED BY MARCIA SEIBERT-VOLZ TO HOLD AN ASSESSMENT HEARING ON MONDAY, MAY 9, 2022 AT 5:00 P.M. FOR THE SEWER EXTENSION PROJECT. ROLL CALL VOTE WAS TAKEN AND MOTION CARRIED 4-0. AARON HERZOG WAS ABSENT.

K. ADJOURN – MOTION 03R-21-22 WAS MADE BY MARCIA SEIBERT-VOLZ AND SECONDED BY DAVE NEVIN TO ADJOURN THE REGULAR COUNCIL MEETING AT 9:02 P.M. MOTION CARRIED WITH ALL AYES.

Respectfully submitted by,

Charlene Nelson City Clerk

SPECIAL COUNCIL MEETING CITY OF CROSSLAKE FRIDAY, MARCH 25, 2022 1:00 P.M. – CITY HALL

The Crosslake City Council held a Special Meeting on Friday, March 25, 2022. The following Council Members were present: Mayor Dave Nevin, Aaron Herzog, Marcia Seibert-Volz and John Andrews. Dave Schrupp was absent. Also present were City Administrator Mike Lyonais, City Clerk Char Nelson, Public Works Director Ted Strand, and Park Director TJ Graumann. Northland Press Reporter attended the meeting via Zoom. There were eight people in the audience and on Zoom.

- 1. Dave Nevin called the meeting to order at 1:00 P.M.
- MOTION 03SP2-01-22 WAS MADE BY MARCIA SEIBERT-VOLZ AND SECONDED BY AARON HERZOG TO ACCEPT THE RESIGNATION OF PUBLIC WORKS DIRECTOR TED STRAND EFFECTIVE 4/1/22. MOTION CARRIED WITH ALL AYES. All Council Members expressed their disappointment that he was leaving.
- 3. Ted Strand stated that an operator with at least a Class B and Type 4 Sludge license must sign off on all reports for the State of Minnesota. At this time Nate Deshayes has both licenses. Ted Strand stated that this duty should be compensated. The consensus of the Council was to discuss compensation at the AFSCME negotiations on Monday. <u>MOTION 03SP2-02-22 WAS MADE BY AARON HERZOG AND SECONDED BY JOHN ANDREWS TO APPOINT NATE DESHAYES THE OFFICIAL WASTEWATER TREATMENT PLANT SIGNATORY. MOTION CARRIED WITH ALL AYES.</u>
- 4. It was the consensus of the Council to discuss the assignment of temporary duties for supervising Public Works staff on Monday during AFSCME negotiations.
- 5. MOTION WAS MADE BY MARCIA SEIBERT-VOLZ AND SECONDED BY AARON HERZOG TO ADVERTISE TO FILL THE VACANCY OF PUBLIC WORKS DIRECTOR. Mike Lyonais stated that each Council Member is welcome to review a copy of the current job description and suggested that the advertisement be published with a salary range. It was the consensus of the Council to continue discussion on Monday.
- 6. Dave Nevin asked Ted Strand if staff would be able to call him if information was needed. Ted Strand replied that he would be available to answer questions. Dave Nevin stated that the calls should be limited to certain hours of the day and asked Mr. Strand what the charge would be. Marcia Seibert-Volz suggested that Ted Strand submit a proposal for consulting services to the City.

Tom Swenson of 35533 Sand Pointe Drive asked the status of the lift station project. Ted Strand replied that the project was completed yesterday. Tom Swenson asked where the City would advertise for the position. Ted Strand replied that it could be posted at the League of MN Cities, Minnesota Rural Water Association, Minnesota Wastewater Operators Association, and American Wastewater Association. Tom Swenson suggested that applicants be given a timeframe to obtain Class B sewer license and that applicants live within a certain

response time range. Tom Swenson stated that the City should have Ted Strand's input on the 5-Year Capital Plan that was directed to be completed this year. Tom Swenson stated that he has enjoyed working with Ted Strand.

MOTION 03SP2-03-22 WAS MADE BY MARCIA SEIBERT-VOLZ AND SECONDED BY AARON HERZOG TO ALLOW EACH COUNCIL MEMBER THE ABILITY TO REVIEW AND RATE EVERY APPLICATION THAT IS RECEIVED FOR THE PUBLIC WORKS DIRECTOR POSITION AT CITY HALL. MOTION CARRIED 3-1 WITH ANDREWS OPPOSED.

Joe Chase suggested that the department be divided between roads and sewer. Marcia Seibert-Volz stated that would need to be discussed during union negotiations.

Pam Graves thanked Ted Strand for his creativity and for training his successors.

7. MOTION 03SP2-04-22 WAS MADE BY AARON HERZOG AND SECONDED BY MARCIA SEIBERT-VOLZ TO ADJOURN THE MEETING AT 1:39 P.M. MOTION CARRIED WITH ALL AYES.

Respectfully Submitted,

Charlene Nelson City Clerk

SPECIAL COUNCIL MEETING CITY OF CROSSLAKE MONDAY, MARCH 28, 2022 9:30 A.M. – CITY HALL

The Crosslake City Council held a Special Meeting on Monday, March 28, 2022. The following Council Members were present: Mayor Dave Nevin, Aaron Herzog, and Marcia Seibert-Volz. John Andrews participated via Zoom. Also present were City Administrator Mike Lyonais, City Clerk Char Nelson, Fire Chief Chip Lohmiller, Public Works Director Ted Strand, and Park Director TJ Graumann. There were no audience members.

- 1. Dave Nevin called the meeting to order at 9:30 A.M.
- 2. Chip Lohmiller reported that the Fire Relief Association wants to purchase a pickup. In order to get State Contract pricing, the City needs to pay for the vehicle. <u>MOTION 03SP3-01-22</u> WAS MADE BY AARON HERZOG AND SECONDED BY MARCIA SEIBERT-VOLZ TO APPROVE PAYMENT FOR 2022 GMC SIERRA 3500HD DOUBLE CAB TRUCK FOR FIRE DEPARTMENT IN THE AMOUNT OF \$35,907. ROLL CALL VOTE WAS TAKEN AND MOTION CARRIED WITH ALL AYES.
- 3. <u>MOTION 03SP3-02-22 WAS MADE BY MARCIA SEIBERT-VOLZ AND SECONDED BY</u> <u>AARON HERZOG TO ACCEPT DONATION FROM CROSSLAKE FIRE RELIEF</u> <u>ASSOCIATION IN THE MOUNT OF \$35,907 FOR THE COST OF 2022 GMC SIERRA</u> <u>TRUCK. ROLL CALL VOTE WAS TAKEN AND MOTION CARRIED WITH ALL AYES.</u>
- 4. <u>MOTION 03SP3-03-22 WAS MADE BY AARON HERZOG AND SECONDED BY JOHN</u> <u>ANDREWS TO DECLARE THE FIRE DEPARTMENT'S 2008 FORD EXPEDITION AS</u> <u>SURPLUS EQUIPMENT AND AUTHORIZE SALE OF VEHICLE.</u> The vehicle has approximately 100,000 miles on it. <u>ROLL CALL VOTE WAS TAKEN AND MOTION</u> <u>CARRIED WITH ALL AYES.</u>
- 5. Chip Lohmiller gave an update on his capital outlay budget for vehicles, stating that he lowered the estimated cost of Tender 4 to be purchased in 2023 by \$100,000 because that is what the City can receive in revenue from the sale of the current Tender 4 and Engine 2.
- 6. <u>MOTION 03SP3-04-22 WAS MADE BY MARCIA SEIBERT-VOLZ AND SECONDED BY</u> <u>AARON HERZOG TO ADJOURN THE MEETING AT 9:38 A.M. MOTION CARRIED</u> <u>WITH ALL AYES.</u>

Respectfully Submitted,

Charlene Nelson City Clerk

SPECIAL COUNCIL MEETING CITY OF CROSSLAKE FRIDAY, APRIL 1, 2022 10:00 A.M. – CITY HALL

C.5.

The Crosslake City Council held a Special Meeting on Friday, April 1, 2022. The following Council Members were present: Mayor Dave Nevin, Aaron Herzog, and Marcia Seibert-Volz. John Andrews participated via Zoom. Dave Schrupp was absent. Also present were City Administrator Mike Lyonais, City Clerk Char Nelson, Fire Chief Chip Lohmiller, Public Works Director Ted Strand, and Park Director TJ Graumann. There were five audience members in City Hall and on Zoom.

- 1. Dave Nevin called the meeting to order at 10:00 A.M.
- 2. <u>MOTION 04SP1-01-22 WAS MADE BY AARON HERZOG AND SECONDED BY JOHN</u> <u>ANDREWS TO APPROVE RESOLUTION NO. 22-12 APPROVING OFF-SITE</u> <u>CHARITABLE GAMBLING BY THE NORTHERN LAKES HOCKEY ASSOCIATION AT</u> <u>WHITEFISH LODGE & SUITES ON APRIL 2, 2022.</u> There was a brief discussion regarding the delay in the association turning in the application. <u>ROLL CALL VOTE WAS TAKEN</u> <u>AND MOTION CARRIED 3-0. SEIBERT-VOLZ ABSTAINED.</u>
- 3. MOTION 04SP1-02-22 WAS MADE BY DAVE NEVIN AND SECONDED BY AARON HERZOG TO ALLOW PUBLIC WORKS COMMISSION LIAISON TOM SWENSON TO SIT AT THE COUNCIL DIAS TO DISCUSS THE JOB DESCRIPTION FOR THE PUBLIC WORKS DIRECTOR. ROLL CALL VOTE WAS TAKEN AND MOTION CARRIED WITH ALL AYES.

Dave Nevin stated that he thinks the important duties for the Public Works Director are administration and supervision, rather than doing the daily tasks of his staff. Mr. Nevin stated that he did not want to rule any applicants out. Mr. Nevin stated that he heard of a company starting up in Pillager that will provide wastewater systems consulting services to cities.

The Council reviewed the minimum qualifications listed in the Public Works Director job description and discussed whether all the qualifications would be required to be hired. Tom Swenson stated that some applicants may not apply if they don't meet the listed qualifications. <u>MOTION 04SP1-03-22 WAS MADE BY MARCIA SEIBERT-VOLZ AND SECONDED BY DAVE NEVIN TO CHANGE THE TITLE OF "MINIMUM QUALIFICATIONS" ON THE JOB DESCRIPTION TO "DESIRED QUALIFICATIONS". ROLL CALL VOTE WAS TAKEN AND MOTION CARRIED WITH ALL AYES.</u>

- 4. The Council reviewed the Training and Experience Rating form. The Council will forward any changes to the Clerk.
- 5. Dave Nevin stated that Ted Strand's starting wage in 2000 was \$44,000 and multiplied by 1.7 for inflation would equal \$74,800 in todays dollars. Mike Lyonais stated that he developed a salary range for the Public Works Director using current information from the League of Minnesota Cities and comparable wages from cities with populations ranging from 2,000 to 15,000. Mr. Lyonais provided a range of \$75,079 \$96,070. Marcia Seibert-Volz stated that

the average salary of Public Works Director from the League of Minnesota Cities information was \$57,500 and suggested a starting salary of \$60,000. Mike Lyonais stated that the Council accepted his method to determine the salary range for the Planning and Zoning Administrator that was hired in February. Tom Swenson asked what a Heavy Equipment/Sewer Operator would be paid if they were at Step 10 of the AFSCME scale and earned overtime. The hourly wage at Step 10 is \$30.78 with a premium pay of \$4.00 per hour for Class B Sewer License and with overtime would be close to \$75,000 a year. MOTION 04SP1-04-22 WAS MADE BY AARON HERZOG AND SECONDED BY JOHN ANDREWS TO SET A SALARY RANGE FOR THE PUBLIC WORKS DIRECTOR AT \$75,000 TO \$95,000. ROLL CALL VOTE WAS TAKEN AND MOTION CARRIED WITH ALL AYES.

- 6. MOTION 04SP1-05-22 WAS MADE BY AARON HERZOG AND SECONDED BY MARCIA SEIBERT-VOLZ TO AUTHORIZE PUBLICATION OF EMPLOYMENT AD FOR 4 WEEKS FOR PUBLIC WORKS DIRECTOR. ROLL CALL VOTE WAS TAKEN AND MOTION CARRIED WITH ALL AYES.
- 7. Mayor Nevin adjourned the meeting at 10:55 A.M.

Respectfully Submitted,

Charlene Nelson City Clerk

STATED MINUTES

City of Crosslake Planning Commission/Board of Adjustment

January 28, 2022 9:00 A.M.

Crosslake City Hall 13888 Daggett Bay Road Crosslake, MN 56442

- 1. Present: Chair Mark Wessels; Vice-Chair Mark Lindner; Randy Dymoke; Bill Schiltz; Jerome Volz; Alternate Joel Knippel and Liaison Council Member Aaron Herzog
- 2. Absent: Alternate Kristin Graham
- 3. Staff: Cheryl Stuckmayer, Planner-Zoning Coordinator
- 4. 12-17-2021 Minutes & Findings Motion by Volz; supported by Schiltz to approve the minutes & findings as written. All members voting "Aye", Motion carried.
- 5. Old Business-Variances are heard on their individual requests, past variances hold no precedents. Commissioners may table the request if needed and an applicant can withdraw their request. If the variance(s) is/are approved, all existing nonconformities will be eliminated and will hereafter be required to follow the variance decision. If a variance is denied the applicant can rebuild the nonconformity as is per the Crosslake Ordinance.
 - 5.1 None

6. New Business

- 6.1 Kathleen Brewster Variance for setbacks to the lake and dwelling
- 6.2 Highway 103 Storage Association Variance for impervious and lot size
- 7. Other Business
 - 7.1 Staff report
- 8. Open Forum No action will be taken on any of the issues raised. If appropriate, the issues will be placed on the agenda of a future PC/BOA meeting. Speakers must state their name and address. Each speaker is given a three minute time limit.
- 9. Adjournment

Kathleen A Brewster 14310672

Wessels announced the variance request. Stuckmayer read the variance request, project details, impervious percentage, stormwater management plan submitted, septic system design submitted, 4 comments received, history of the parcel and the surrounding parcel history into the record. Wessels read 2 of the 4 comments into the record from neighboring residents because they were received after the packet was handed out. Wessels invited Brewster, the applicant/owner's son/representative to the podium. Brewster stated the history of their 35-year ownership of the parcel; project request similar to the next-door structures; no closer to the lake, just wider and angling back from the lake; history of the neighborhood parcels in relation to the fact that most have needed a variance for the septic and setbacks. Lindner stated that at the January 27th on-site he observed the neighborhood had similar structures, except this one didn't look like the others and the other neighbors approved of this request. Schiltz stated he thought it would fit in very well and a good idea, but he commented that the existing garage is 3 or 4 inches off of the side yard lot line and too close to the road; with the tear-down of the home it would be a good time to consider tearing down the garage to make the lot less nonconforming, especially with the number of improvements to make it look like the proposed structure, it might be something to consider. Wessels stated this would be a good time to do that, but it has been there many years. Wessels asked how big is the attached proposed garage, with Brewster commenting it will be 26' x 26'. Stuckmayer stated that a comment was received from the city engineer and the applicant has already addressed that. Wessels stated that there is a septic design with Stuckmayer replying that it has been approved upon the approval of this variance. Wessels opened the public hearing with no response; therefore, the public hearing was closed. Wessels asked if any of the commissioners had additional questions, but none were forthcoming. Wessels initiated the findings of fact procedure with the board members deliberating and responding to each question.

January 28, 2022 Action: Motion by Schiltz; supported by Volz to approve the variance for:

- Lake setback of 60 feet where 75 feet is required to proposed dwelling
- Side yard setback of 5 feet where 10 feet is required to proposed drainfield

To construct:

- 2,600 square foot dwelling where 470 square feet are within the 75-foot setback
- A new septic system

Per the findings of fact as discussed, the on-site conducted on 1-27-2022 and as shown on the certificate of survey received at the Planning & Zoning office dated 11-30-2021 for property located at 33584 Lake Street, Sec 31, City of Crosslake

Conditions:

Chapter 26 – Land Use; Sec. 26-227 Variance Decision - Variances must be substantially completed within two years of receiving approval – the approval of this variance will expire on 1-28-2024

- 1. Dirt spoils to be stored road side or hauled off the building site
- 2. The required no mow buffer of 10 feet is to be maintained

Januaruy 28, 2022 Planning Commission/Board Of Adjustment Meeting

- 3. Provide an elevation certificate (Supplemental Data Form) by a certified surveyor showing that the lowest floor meets the required Regulatory Flood Protection Elevation (RFPE) according to the city land use ordinance
- 4. Garage to have the same exterior and roof material/color and to be completed within 3 years of this approval
- 5. Move the fire pit to meet the 20' setback requirement to help protect the lake

Findings: See attached

All members voting "Aye", Motion carried.

Highway 103 Storage Association 14320509

Volz stated that Knippel will sit in for him because he is a storage unit owner within the association. Wessels announced the variance request. Stuckmayer read the variance request, project details, proposing to sell each unit individually, CUP would be needed to rent the units out, impervious percentage, engineered stormwater management plan submitted, no septic system, history of the parcel, 3 comments received, and the surrounding parcel history into the record. Wessels read two of the 3 comments into the record because they were received after the packet was handed out, which are now added into the packets and were given to the applicants at the January 27th on-site. Wessels invited Suedbeck and Determan, the representative/builders to the podium. Determan of Minnetonka stated this project was my idea; fairly new to the association board; 7 plus years been an association owner, Suedbeck who has been in the association since day one asked to join in on the project and notified the association members. Wessels stated that the commissioners do not get involved in the voting and rules of the association, but it is a little concerning since you have a sizable portion of the association against this. Determan addressed the received comments that were read by Wessels, the history of this project, the fact that he is on the board (a board insider) and results of the process with the association. Determan also stated that at the conclusion. after the 6-26-2021 meeting, I threw out the idea of this project, it isn't in the meeting minutes because we don't have a secretary, we threw out the original email that didn't have any details in it or financials and no pertinent elements of the project. As a board member it is my sworn duty to do the best for all of the association members. Determan went on to say that some association members feel that the association should do the project, so that all can benefit; too costly of a project for an association; tried to get an appraisal but all 6 firms denied the project; we did a comparison of comparable parcels in Crosslake; offered to pay \$42,000 which is more than 2 times the square foot value of the nearest best comparable; put together the project details, money involved and that vote was 80% in favor; I personally called all abstain voted individuals to talk to them; if no one votes then it is a yes because it is taking the position of the board. Wessels asked if Determan had a different vote than what was presented here, showing the 80% in favor and received a positive answer. Wessels explained that the commissioners do not get involved with the association part and someone stated that it might be better to wait until after the board meeting in fall; have you addressed that? Suedback of 11577 Bay Point Dr, Pequot Lakes stated: he has been with the association since it was formed; 2 votes took place-1 in September to test the water with the 2nd in November with additional details and the price we would pay for the land; they started this in August; need to do this in a timely manner to be able to hold our place in the bids or we may need to redo bids. A discussion was held on associations, how they work, the part it plays in a plat, the working relationship with the city, the fact that the association needs to enforce their own documents, the board vote and how the vote plays out, the new building owners will be members/pay dues, and the association does not have the ability to do this project. Herzog questioned the ownership of the property and who is going to profit, with the commissioners explaining that the land would be purchased from the association and when the units are sold, they would become part of the association/members, just like the current buildings on the parcel; parcel history was explained. Suedback explained that the association does not have the ability/money to do this project, so we stepped in to do it. Wessels opened the public hearing to public comment. Hollerich of Mankato and Crosslake stated that he owns 2 units; on behalf of owners, we have big issues with this project; never discussed at a meeting-only after a meeting; board members had their own meetings on the project; a big group of owners have many questions on the process as well

Januaruy 28, 2022 Planning Commission/Board Of Adjustment Meeting

as how the vote was done/counted; asked for minutes to check how this all came about-never got a response; 21 unit owners have asked for a special meeting to get to the bottom of this whole issue; no meeting what-so-ever to discuss this project-only emails; applicants should have abstained from the vote as the rules state. Kevin O'Keefe owner of Coon Rapids and Crosslake stated that he is in favor of this project; agrees with commissioners that the association internal voting is not for the commissioners to deal with; the requested variances that need to be approved should be addressed now. Wessels closed the public hearing. Wessels stated that we like to work with the associations, but it is up to the applicants to make sure the association approves. Wessels called a 5-minute break and asked that there are not discussions on this application. Wessels stated and discussion pursed on the fact that there is an attachment from Widseth that has a different impervious than the survey, with stuckmayer giving an explanation, but stating that we usually go with the survey as we are not sure how Widseth came up with their impervious. Wessels stated that there is an association issue that needs to be resolved by the association, that is not what we are here to do. Wessels stated that at yesterday's on-site it seemed that we all thought that if we were looking at new storage, this is the place to do it in Crosslake, but we are here for a variance and no matter which impervious we believe, we are here to determine the request. Conditions were discussed in relation to the association and the impervious amount to be used, with the result to use the survey's stated 57% as per the request. Wessels initiate the findings of fact procedure with the board members deliberating and responding to each question.

January 28, 2022 Action: Motion by Schiltz; supported by Dymoke to deny the variance for:

- Increase of impervious to 57% where 50% is allowed
- Parcel size of 1,504 square feet where 20,000 square feet are required

To construct and allow:

- One 9,024 square foot storage building containing 6 individual units of 32'x47' which could be sold individually
- Decrease in required parcel size

Per the findings of fact as discussed, the on-site conducted on 1-27-2022 and as shown on the preliminary plat received at the Planning & Zoning office dated 12-6-2021 for property located at 13529 County Road 103, Sec 32, City of Crosslake

Findings: See attached

Knippel, Dymoke, Schiltz voting "Opposed" and Wessels, Lindner voting "Aye", three to two, Motion carried.

Other Business:

Staff report
DRT this month – 1 application for a variance
Permits – nothing significant to report (NSTR)
DRT for ROW vacations – tabled for now
Crosslake Housing Assessment – attended a meeting consisting of background research
March will contain the 2022 Election of Officers & Adoption of 2022 Rules of Business

Next month – February 2022

- Feb 7 Public Hearing Application deadline for March
- Feb 14 City Council Meeting (Happy Valentine's Day)
- Feb 8 DRT (3 variance applications on the hour starting at 9 AM)
- Feb 24– Site Visits (0 Scheduled)
- Feb 25– PC/BOA (0 Cancelled)

Open Forum:

1. Schiltz thanked Stuckmayer for everything she has done, helping us out with this and basically doing two jobs at once and has done a remarkable job with both of them. The other commissioners joined in and also thanked Stuckmayer. Herzog stated he was glad to hear Mark thank Stuckmayer, because she has been a real important issue for us these days and ongoing, you are a very important part of our organization (applause). Herzog said that the commissioners could stop in after February 7th to meet the new staff member, Peter.

Matters not on the Agenda:

1. There were no matters not on the agenda

Motion by Knippel; supported by Lindner to adjourn at 11:20 A.M.

All members voting "Aye", Motion carried.

Respectfully submitted,

Cheryl Stuckmayer

Cheryl Stuckmayer Planner-Zoning Coordinator

Crosslake Parks, Recreation and Library Commission Minutes Wednesday, January 26, 2022 Crosslake Community Center 2:00 PM

Members Present: Chair Joe Albrecht, Mic Tchida, Sandy Melberg, Kera Porter, Peter Graves, Council Liaison John Andrews, Jane Monson Community Center and Library Manager, and Parks and Recreation Director TJ Graumann

Guests: Joell Tvedt, Pequot Lakes School District Community Education Director

I. Meeting was called to order at 2:03

II. Welcome New Commission Members

TJ welcomed new members Peter Graves and Kara Porter (former alternate) to the meeting. They will be sworn in by the mayor for their 2-year term to begin in February of 2022.

III. Approve December Minutes Motion: to approve Minutes from December 15, 2021 as written. Mic/Kara Favor: All Opposed: None

IV. Appoint Chair for the 2022 Term
The floor was opened for nominations.
Motion: to appoint Joe Albrecht as Commission Chair for 2022
Mic/Sandy Favor: All Opposed: None

V. Old Business

A) ROW Vacation Application Process

TJ updated the Commission on the edits made to the ROW Vacation application by the Planning and Zoning Commission. Discussion ensued concerning the edits in regards to each Commission receiving the applicants' completed surveys before the Commission meetings; and also, the City Clerk sending out the notices to the Commissions and the public instead of the City Attorney.

Motion: In Item D of the draft application, adjust edits to revert back to City Attorney will handle the notices and the applicant surveys will be completed before both Commission meetings. Kara/Sandy Favor: All Opposed: None

B) Revised Survey Draft

TJ presented the Commission with a draft of the long-range planning survey for the Crosslake Parks, Recreation & Library Department. After reviewing the edited items, it was suggested walking in the gym be added to the amenities or services that will be available for people to select. Mic suggested the PAL Foundation be given a draft of the survey before it is finalized. TJ will present a copy to the PAL Board. A time frame and methods to get the survey out to the public were also discussed. The consensus was to have the survey available during the summer months and during large events, beginning with the St. Patrick's Day parade, when there are more people in the area. The survey could be ongoing until early September when the process of budget planning begins for the next fiscal year.

Motion: The Parks, Recreation and Library Commission approves the draft survey and recommends it for Council approval. The Commission also recommends presenting the survey draft to the PAL Foundation.

Sandy/Kera Favor: All Opposed: None

TJ will follow up on a timeline and marketing

VI. New Business

A) Community Center Usage Policy

Due to a recent situation, it was brought to TJ's attention the need for clarification in the Community Center Usage Policies. Under Item C, the addition of "and must have prior approval from the Parks and Recreation Director" should be added to the end of the existing statement. Under Item E, the removal of the following sentences: "Any special supervision needed shall be supplied by the applicant as requested by the City or Parks and Recreation Department. However, the City and Parks and Recreation office reserves the right to assign a city supervisor and/or custodian when appropriate, the cost of which will be charged to the group using the facility". The following clarification will be inserted in its place, "To ensure adequate building maintenance and security, all events scheduled outside of regular building hours must be staffed by a city employee at the expense of the group".

Motion: to approve the Community Center Usage Policy as amended.

Mic/Sandy Favor: All Opposed: None

B) Park Dedication

After discussion, the following motion was entertained;

Motion: to accept the \$3000.00 cash in lieu of land for the Sessin Estate subdivision. Sandy/Kera Favor: All Opposed: None

VII. Other Business

A) Staff Update

TJ reported to the Commission on the following items:

1) Playground-Originally the playground was planned to be completed in a phase (1 through 5) approach. Due to the generous donations from the Dietz family, the PAL Foundation, and many local organizations including the Lions Club, Christmas for Kids, the American Legion, as well as, anonymous donations, along with \$50,000 the City Council approved from Park Dedication Fees, the project will move ahead in the Spring will all phases. TJ is hopeful we can plan a Grand Opening on June 11th. The Commission thanked the PAL Foundation, the Dietz family and all the donors for making this exciting new playground possible. The Commission would also like to recognize and thank Alden Hardwick for all of his dedication in bringing this project to realization.

2) Intern Update-TJ listed the job opening for the summer intern on a platform which reaches 18 different universities in the region. Several different areas of studies were included to ensure all interested candidates would receive the information.

3) Snowshoe Trail-TJ wanted to thank Deb Dahlke for all of her work on the trails this winter.

4) Outdoor Amenities-TJ reported that even with the cold temps this season, people are making good use of the amenities.

5) Weight Room-for the 2022 fiscal year the City has allocated \$32,000.00 for weight room updates. TJ has compiled a list of pieces to be replaced and/or added.

6) WinterFest-the 2022 WinterFest celebration events held at the community center park are scheduled for Friday, February 4th. All the outdoor amenities plus horse drawn sled rides, bonfires, refreshments and fireworks will be available.

B) Comments from Commission Member

1) Youth Commission Member-Joe inquired as to the status of the youth member appointment to the Commission. TJ stated it will go to the Council for approval at the next meeting.

VIII. Open Forum

A) Joell Tvedt, the new Community Education Director of the Pequot Lakes School District, was in attendance and introduced herself to the Commission. She informed the Commission she plans to attend the Commission meetings on a regular basis and invited the members and the public to use her as a reference and resource. The Commission welcomed her and looks forward to developing improved communication and cooperation with the school district.

IX. Adjourn Motion to Adjourn: Mic/Sandy Favor: All Opposed: None

Crosslake Public Works

Meeting Minutes

March 7,2022

Present: Tom Swenson, Mic Tchida, Gordon Wagner and Bob Frey .Council Dave Nevin, Marcia Seibert-Volz and Aaron Herzog. Public Works Dir. Ted Strand City Engineer Phil Martin 4 PM Public Works Shop

C.16.

1. Approval of February Minutes 7 2022. All Yes

2. Engineering Service Fee Approval.

Motion to the Council to approve Service contract to finish sewer expansion. First by Frey and second Wagner. All in favor

3. Update from Phil Martin, Memo dated March 2, 2022

CASH 66 improvements; contract, easements and assessment A long discussion follow. Frey ask about grants and loans for improvements. Phil ,a lot of these we don't qualify for he would look into it.

Frey asked the Engineer to report at the next meeting whether Casper Construction has warfare and terrorism insurance clause and what the classification of Dodo Fraser's property was.

2022 Street Improvements; bidding on Tue, 3/22/22 at 10:00AM

4. Tour of Facilities followed

Ted Strand

City of Crosslake

RESOLUTION 22-____

RESOLUTION ACCEPTING DONATION(S)

WHEREAS, the City of Crosslake encourages public donations to help defray costs to the general public of providing services and improving the quality of life in Crosslake; and

WHEREAS, the City of Crosslake is generally authorized to accept donations of real and personal property pursuant to Minnesota Statutes Section 465.03 for the benefit of citizens; and

WHEREAS, said Statute 465.03 requires that all gifts and donations of real or personal property be accepted only with the adoption of a resolution approved by two-thirds of the members of the City Council; and

WHEREAS, the following person/persons and/or entity/entities has/have donated real and/or personal property as follows:

FROM	DONATION	INTENDED PURPOSE

Anonymous

\$60.00 Park and Recreation Department

D.2

; and

WHEREAS, the City of Crosslake will strive to use the donation as intended by the donor; and

WHEREAS, the City Council finds that it is appropriate to accept said donation(s) as offered.

NOW, THEREFORE, BE IT RESOLVED, by the City Council of the City of Crosslake that the donation(s) as described above are accepted as allowed by law.

Passed this 11th day of April, 2022.

David Nevin Mayor

ATTEST:

Michael R. Lyonais City Administrator (SEAL)

Sec. 2-25. Salaries of mayor and councilmembers; funding of compensation.

- (a) Effective January 1, 2019, the salaries of the mayor and council members are fixed as provided in this section, which amounts are deemed reasonable. The monthly salary of the mayor shall be \$530.00 and the monthly salary of each council member shall be \$430.00. The compensation provided in this section shall be paid from general revenue funds.
- (b) The compensation provided in this section shall be paid from general revenue funds.

(Code 1983, § 2.06; Ord. No. 1A, 12-1-1972; Ord. No. 9, § 1(2.06), 10-14-1986; Ord. No. 28, § 206(subd. 1), 10-8-1990; Ord. No. 62, § 206(subd. 1), 9-12-1994; Ord. No. 110, § 2(2.06), 5-25-1999; Ord. No. 112, § 2(2.06), 7-12-1999; Ord. No. 245, § 2(2.06), 8-29-2007; Ord. No. 351, § 2, 1-8-2018)

DEPARTMENT OF TRANSPORTATION

District 3 7694 Industrial Park Baxter, MN 56425

August 16, 2021

Tim Bray, PE Crow Wing County Engineer 16589 County Road 142 Brainerd, MN 56401

Subject: Speed Zoning - Crow Wing County Road 16

Dear Mr. Bray,

As requested, an engineering and traffic investigation has been completed to determine the safe and reasonable speed limit on County State Aid Highway (CSAH) 16, between MN Trunk Highway (TH) 371 and CSAH 66. No change in the current speed authorization is recommended at this time.

Our recent study consisted of a road review, test drives, and speed checks. The speed check occurred approximately 400ft northeast of Johnie St and at the junction with Pine Ln. The check shown the 85th percentile speed for eastbound at 57mph and 56mph respectively and westbound at 56mph and 56mph respectively with speeds ranging from 44mph to 63mph.

No crashes have been recorded on CSAH 16 between CSAH 66 and Johnie St. in the 5yr period of 2016 and 2020. There were 19 total crashes on CSAH 16 between MN TH 371 and Johnie St. including one fatal and 2 serious injury crashes in the same 5yr period.

The City of Cross Lake was most concerned about the speed limit between Johnie St. and CSAH 66. The existing 50mph zone is on the slow end of acceptable given the speed checks, test drives, and no crashes in the last 5yrs. 50mph is within the 10mph pace which is ultimately why we recommend no change rather than an increase to Statutory 55mph.

If you have any questions pertaining to retaining the statutory speed limit, please feel free to contact either Jack Austin (320-241-6132) or myself (218-828-5771)

Sincerely,

Kenneth Hansen Digitally signed by Kenneth Hansen Date: 2021.08.16 16:37:58 -05'00'

Kenneth Hansen, PE District Traffic Engineer

Minnesota Department of Transportation Attn: Ken Hansen 7694 Industrial Park Rd Baxter, MN 56425

RE: Traffic Investigation (CSAH 66 / CSAH 3 / CSAH 16)

Dear Mr. Hansen:

In accordance with Minnesota Statues Chapter 169.14 Subdivision 5, I hereby officially request that the Commissioner of Transportation conduct an engineering and traffic investigation for the purposes of determining and authorizing the erection of signs indicating the reasonable and safe speed limit upon:

County Road 66 from CSAH 3 to CSAH 16 County Road 3 from CSAH 36/CR 103 to CSAH 66 County Road 16 from West Shore Dr to CSAH 66

Please also find an enclosed map of the proposed study area.

If you have questions or concerns, please feel free to contact me.

Sincerely,

Tim Brav

County Engineer

March 15, 2021

Crow Wing County Highway Department Attn: Rob Hall 16589 County Road 142 Brainerd, MN 56401

Dear Mr. Hall,

The Crosslake City Council received a request from a resident to have the speed lowered on County Road 66 from the Daggett/Cross Lake Channel, north, to the 37028 County Road 66 at the firehall. The City has also fielded complaints for other areas the Council requests to be included in the speed study as follows:

- CSAH 3/CSAH 103 intersection, north, to Maucieri's
- CSAH 66 from the Daggett/Cross Lake Channel north to CSAH 16
- CSAH 66/16 intersection from Moonlite Bay to West Shore Drive

If all of these locations could be included in the study, that would be appreciated.

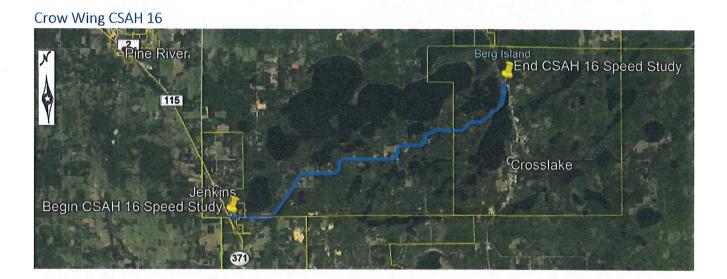

Please let the City know if the request is approved and what the timeline is for completion. It is our understanding there is no cost to the City for this study.

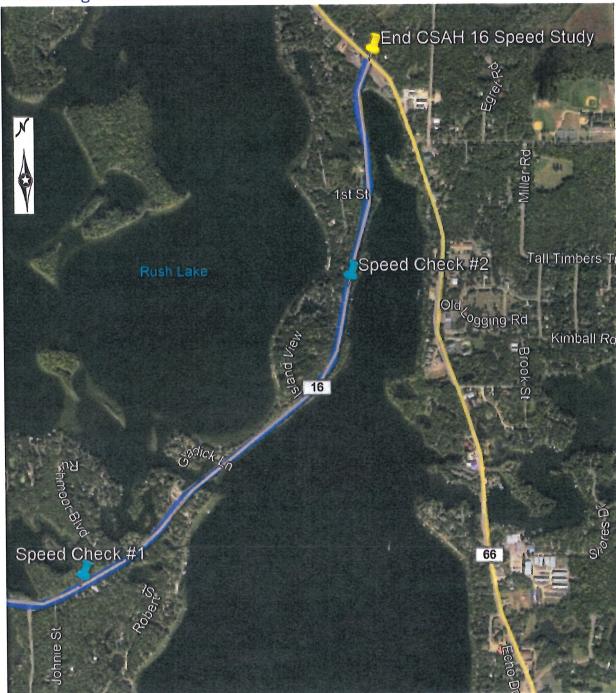

If you have any questions, you can reach me at 218-692-9803.

Sincerely,

Muhal K. Juray

Michael R. Lyonais City Administrator

Crashes from 2016 to 2020

Statewide Averages based on 2015-2019 crashes

Crashes by Crash Seve	rity	
Fatal	1	Len
Incapacitating Injury	2	VМ
Minor Injury	1	
Possible Injury	1	Νοι
Property Damage	14	
Total Crashes	19	

Length	lysis Description 10.950 miles
VMT	49,986,750
Non-juction A	ND Juction Crashes

Annual crash cost per mile = \$62,137

Statewide comparison = Rural 2-Lane ADT 1500-4999

Total Crash R	ate	Fatal & Serious Ir	ijury Crash Rate
Observed	0.380	Observed	6.002
Statewide Average	0.493	Statewide Average	2.792
Critical Rate	0.760	Critical Rate	6.820
Critical Index	0.50	Critical Index	0.88

The observed crash rate is the number of crashes per million vehicle miles traveled (MVMT). The critical rate is a statistical comparison based on similar trunk highways statewide. An observed crash rate greater than the critical rate indicates that the section operates outside the expected, normal range. The critical index reports the magnitude of this difference.

The observed total crash rate for this period is 0.38 per MVMT; this is 50% below the critical rate. Based on similar statewide segments, an additional 19 crashes over the five years would indicate this section operates outside the normal range.

The observed fatal and serious injury crash rate for this period is 6.00 per 100 MVMT; this is 12% below the critical rate. The section operates within the normal range.

STATE OF MINNESOTA DEPARTMENT OF TRANSPORTATION

LOCAL STREET OR HIGHWAY SPEED LIMIT AUTHORIZATION

Road Authority:	Crow Wing County (in Crosslake)	Date Authorized:
Road Name:	County State Aid Highway 16	April 30, 2019
Zone Begin:	Minnesota Trunk Highway 371	Date Requested:
Zone End:	County State Aid Highway 66	July 11, 2017

As authorized in Minnesota Statutes, Section 169.14, it is hereby ordered that the following speed limits are approved and shall be put into effect on the described roadway or sections thereof.

STATUTORY between the intersection with Minnesota Trunk Highway 371 and a point approximately 165 feet east of the intersection with Johnie Street

50 miles per hour between a point approximately 165 feet east of the intersection with Johnie Street and the intersection with County State Aid Highway 66

NOTE:

The speed limits, described in this authorization, are authorized contingent upon curves and hazards being signed with the appropriate advance curve or warning signs, including appropriate speed advisory plates. The roadway described shall be reviewed for traffic control devices impacted by the authorized speed limits before posting the signs. Warning signs and speed limit signs shall be in accordance with the Minnesota Manual on Uniform Traffic Control Devices. The speed limits, described in this authorization, are based on roadway conditions on the date of this authorization. Changes in roadway alignment, grade, or paving a gravel surface shall void this authorization.

	AUTHORIZED SIGNATURE

Minnesota Department of Transportation Office of Traffic, Security, and Technology 1500 West County Road B-2, Mail Stop 725 Roseville, MN 55113 Tel: 651-234-7000 Fax: 651-234-7006

April 30, 2019

Robert Hall, P.E. Crow Wing Assistant County Engineer 16589 CR142 Brainerd, MN 56401

Dear Mr. Hall,

As requested, the district has conducted an engineering and traffic investigation as required by Minnesota Statute 169.14 and attached are authorizations to erect the appropriate signs designating the reasonable and safe speeds on the following highways:

County State Aid Highway 16

Please keep these authorizations in your permanent files; we have our necessary copies. Erection of signs shall be in conformance with the current Minnesota Manual on Uniform Traffic Control Devices. Note the contingency on the authorization. This must be met before the regulatory speed limit signs are erected or changed.

Sincerely,

Peter Buchen, P.E., PTOE Assistant State Traffic Engineer

DEPARTMENT OF TRANSPORTATION

District 3 3725 12th Street North St. Cloud, MN 56303

DATE : January 31, 2018

TO: Peter Buchen (Attn: Nathan Drews) Assistant State Traffic Engineer

Tom Dumont-St. Cloud FROM: **District Traffic Engineer**

SUBJECT : Speed Zoning C.S.A.H. 16 - Crow Wing County

We have completed an engineering and traffic investigation to determine reasonable and safe speed limits for C.S.A.H. 16. This study was conducted as requested in a resolution passed by the Crow Wing County Board of Commissioners. If you agree with our recommendation, please forward a speed limit authorization to Crow Wing County.

Based on investigation results, we recommend the following speed limit for C.S.A.H. 16.

Statuatory between T.H. 371 and a point approximately 165 feet east of Johnie Street.

50 mph between approximately 165 feet east of Johnie Street and the junction with C.S.A.H. 66.

The main area of concern is the portion between West Shore Drive and the junction with C.S.A.H. 66 on the east side of the study area. This area was previously authorized as a 50 mph zone but that authorization was rescinded in 1992 although the county did not remove the 50 mph speed signs.

This easterly section of C.S.A.H. 16 is wooded and consist of clusters of lake homes/cabins many of which are located within 50 feet of the roadway, with the majority having direct access to C.S.A.H. 16. The local roadways (most dead ends) that adjoin C.S.A.H. 16 provide access to numerous homes and cabins.

A speed check taken near Gladick Lane shows 85% speeds of 56 and 57 mph, with 10 mph paces of 47-56 mph for east and westbound vehicles, respectively. A crash history shows two recorded crashes in the study area.

Due to direct access and the frequency of cabins in close proximity to C.S.A.H. 16 we feel a 50 mph zone is reasonable. Several test-drives confirm the recommended 50 mph is a comfortable unrestrictive speed limit for the surrounding environment and roadway configuration.

A speed check (see speed study sheets) and test drives were conducted on the remainder of the requested study area confirming the rural statutory speed limit to be appropriate..

The above speed limit is recommended contingent upon curves and hazards being signed with the appropriate warning signs, including appropriate advisory plates. The roadway should be reviewed for traffic control devices impacted by the recommended speed limit before posting the signs. All signs shall be in conformance with the MMUTCD. The above speed limit is based on roadway conditions on the date of the recommendation.

We have discussed our findings with Rob Hall, Assistant Crow Wing County Engineer, and he concurs with our recommendation.

Cc: File

Speed Limits

What are speed limits?

There are two types of speed limits in Minnesota – statutory speed limits and regulatory speed limits. Statutory speed limits are 30 miles per hour (mph) on city streets and township roads in urban areas and 55 mph on rural, two-lane township, county, and state highways. When road authorities determine that the statutory limit should be reviewed, the law (Minnesota Statute 169.14) requires that the Commissioner of Transportation conduct a traffic engineering investigation to determine a reasonable and safe regulating speed zone. Regulatory speed zones are those other speed limits such as 35, 40, 45, and 50 mph.

How are regulatory speed limits determined?

The Minnesota Department of Transportation (MnDOT) determines regulatory speed zones by using two performance measures:

- The 85th Percentile Speed (speed at which 85 percent of drivers are traveling at or below).
- The Ten Mile Per Hour Pace (Pace) (10-mph range that contains the highest fraction of drivers in the sample).

Using these performance measures is a best practice and is consistent with conclusions from transportation research and guidance in *Minnesota's* and *FHWA's Manual on Uniform Traffic Control Devices*^(1,2). These performance measures reflect two basic principles of the speed laws and the speed zoning process:

- Most drivers will select reasonable and safe speed based on their perception of the roadway environment.
- There are fewer potential conflicts and an increased level of safety for vehicles and pedestrians when drivers travel about the same speed.

Why are speed limits needed?

Providing drivers with guidance about reasonable operating speed helps create safer roadways. In Minnesota, almost 20 percent of severe crashes are related to excessive speed. National research^(3,4) states that setting and posting speed limits with the 85th Percentile Speed and Pace enhances driver expectation, compliance, and safety on roadways.

How effective are speed limits?

National research^(3,4) shows that drivers mostly select reasonable and safe speeds through their perception of the roadway environment, not by speed limit signs. The most comprehensive national research⁽³⁾ examined 100 sites in 22 states where speed limits were lowered or raised by 5 to 20 mph. The report concluded that changing the speed limit did not necessarily result in changed driver behavior⁽³⁾.

Changing posted speed limits does not appear to change driver behavior.

MnDOT conducted similar research and participated with local authorities to investigate the results of an engineering and traffic investigation that recommended the speed limit be raised. MnDOT investigated by:

- · Temporarily changing the speed limit.
- Allowing local authorities to apply increased levels of enforcement.
- · Regularly documenting resulting speed profiles.

In each case, the speed limit was changed by between 5 and 15 mph and the measured 85th percentile speed changed between 0 and 3 mph (Table 1). The key conclusion from these experiments is consistent with the national research that changing posted speed limits does not appear to change driver behavior.

When should speed limits vary?

Primary candidate locations for establishing regulatory speed limits are:

- Roads that transition from rural to urban. During these transitions drivers should slow their speed. However, the differences in the road environment may be too subtle to prompt a driver-initiated speed change. In these instances, dynamic speed feedback signs are effective.
- Urban arterials and collectors are roadways that are typically wider than other urban streets, on-street parking is often prohibited, and adjacent land development is set back from the curb. These conditions support driver perceptions that higher speeds are reasonable.

(Section continues on next page)

Most requests from local authorities to lower speed limits are based on the idea that slower speeds are implicitly associated with greater safety, which is not supported by the research and evidence⁽⁴⁾. In urban areas, roads with 30 mph speed limits had the highest crash involvement rate (Figure 1) and the rate diminishes with increasing speed limits. Also, the density of access had a greater effect on crash involvement than the posted speed limit. In other words, safety on urban roadways is more a function of proper access management of roadways than the posted speed limit⁽⁴⁾.

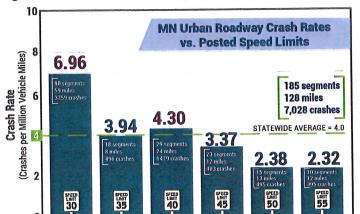

Figure 1: Crash Rate vs. Posted Speed Limit on Urban Roadways⁽⁵⁾

Speed Limit on Urban Conventional Roadways (UC) (Includes 2, 4, and 6 Lane Roads)

What are additional considerations?

Efforts to influence drivers' choice of reasonable and safe driving speed is a shared responsibility. Road authorities should consider:

- The best way to provide drivers with a consistent message and a road environment matching the posted speed limit.
- The best way to reinforce a safe operating speed through the selection of design features that reinforce the desired operating speed.
- Review of additional research and resources from Minnesota's Local Road Research Board like – Addressing Citizen Requests for Traffic Safety Concerns⁽⁶⁾.
- Monitor speeds over time to actively manage speed zones.

Table 1: Results of MnDOT Speed Zoning Studies⁽⁵⁾

Minnesota Speed Limits

December 2021

Basic Speed Limits and Requirements

Statutory speed limits. State statute sets Minnesota speed limits based on the type of roadway (which can be modified in some cases, as discussed below). The statutory speed limits are: 65 m.p.h. or 70 m.p.h. for Interstate highways (depending on whether the road is, respectively, within or outside of an urbanized area of at least 50,000); 65 m.p.h. on divided highways with controlled access; 30 m.p.h. in an "urban district," which is any segment of a city street or town road with structures spaced less than 100 feet apart for a minimum distance of a quarter-mile; 10 m.p.h. for alleys, manufactured home parks, and campgrounds; and a general default of 55 m.p.h. on other roads. Minn. Stat. §§ 169.011; 169.14; 327.27.

Other limits. The speed limit is increased by 10 m.p.h. when passing on two-lane highways if posted at 55 m.p.h. or higher. Some limits apply for specific vehicles (e.g., 30 m.p.h. for implements of husbandry). Minn. Stat. §§ 169.14, subd. 2a; 169.801. There is a 40-m.p.h. minimum speed on Interstate highways.

Due care. State law also prohibits a person from driving "at a speed greater than is reasonable and prudent under the conditions" and directs drivers to "use due care." Minn. Stat. § 169.14, subd. 1. The provision can obligate a motorist to reduce traveling speed to below the limit in dangerous conditions. Similarly, a requirement to "drive at an appropriate reduced speed" applies in specified circumstances, such as when passing emergency vehicles or at a rail crossing. Minn. Stat. § 169.14, subd. 3.

Adjusted Speed Limit Zones

MnDOT has the authority to establish speed zones that adjust the speed limit higher or lower than what is set in statute. MnDOT can establish a zone on trunk highways as well as on local roads in response to a local request (discussed below). Minn. Stat. § 169.14, subds. 4 and 5. To determine the appropriate limit, MnDOT conducts an engineering and traffic investigation, which analyzes a variety of factors including: roadway design and characteristics; traffic volume; crash history; and observed speeds, with a particular focus on the 85th percentile of vehicle speeds (that is, the speed at or below which 85 percent of vehicles are measured as traveling).

Restricted Local Authority

Cities, counties, and towns have some limited power to set or to seek adjustments to speed limits on roads that are under their respective jurisdictions. Several provisions govern adjustments to the statutory speed limits under different circumstances.

- A local road authority can request MnDOT to perform an engineering and traffic investigation of a road. However, MnDOT—not the local authority—determines whether to establish a speed zone as well as the resulting speed limit. Minn. Stat. § 169.14, subd. 5.
- Cities can set speed limits on city streets without a MnDOT traffic study but following various other process requirements. Minn. Stat. § 169.14, subd. 5h.
- A local road authority may reduce the speed limit to 25 m.p.h. on a "residential roadway," which is a city street or town road that (1) has a total length of up to a half-mile, or (2) is not a collector or arterial road and is in an area zoned exclusively for housing. Minn. Stat. §§ 169.011, subd. 64; 169.14, subd. 2.
- If MnDOT sets a speed zone for a city street or town road in an "urban district" (as defined above) that is at least a quarter-mile long, the city or town can lower the limit to 30 m.p.h.

- A local road authority may reduce the speed limit to 35 m.p.h. in a "rural residential district," which is a city street or town road segment with residential houses spaced less than 300 feet apart for at least a quarter-mile. Minn. Stat. § 169.011, subd. 69a.
- In school zones, a local road authority may, based on its own engineering and traffic study, prescribe a speed limit that is as low as 15 m.p.h. and no more than 30 m.p.h. below the surrounding limit. Minn. Stat. § 169.14, subd. 5a.
- Subject to various requirements, speed limits can also be adjusted on other roadways. This includes: (1) on streets that have a designated bicycle lane (at no less than 25 m.p.h.); (2) on park roads (at no less than 15 m.p.h. and no more than 20 m.p.h. below the surrounding limit, and subject to a MnDOT engineering and traffic study); (3) in manufactured home parks (at between 10 m.p.h. and 30 m.p.h.); (4) in alleys; and (5) as designated by the Minneapolis Park and Recreation Board on its roads (at no less than 20 m.p.h.). Minn. Stat. §§ 160.263, subd. 4; 169.14, subds. 5c and 5e; 327.27; Laws 2021, 1st spec. sess., ch. 5.

Work Zones

Speed limits can be adjusted in work zones. An existing speed limit of 50 m.p.h. or higher is adjusted down to 45 m.p.h. when at least one lane of traffic is closed and workers are present, although there are various exceptions. Without an engineering and traffic study, both MnDOT and local road authorities can also reduce the limits when workers are present; the extent of a reduction is restricted depending on the existing limit. Minn. Stat. § 169.14, subd. 5d.

Penalties

Fines. Speeding is generally a petty misdemeanor, carrying a base fine that normally ranges from \$40 to \$150 (depending on speed) and no prison sentence. In addition to the base fine, there is a \$75 court surcharge and a law library fee might be imposed.

The penalty is enhanced in various circumstances. The base fine for speeding is doubled if the violation: (1) occurs in a school zone; (2) involves speeds of 20 m.p.h. or more above the limit; or (3) occurs when passing a parked emergency vehicle with flashing lights. The fine is \$300 for a violation in a work zone. A surcharge also applies in some situations. A speeding violation can be charged as a misdemeanor if it is in a manner that endangers people or property. Minn. Stat. §§ 169.14; 169.89; 357.021, subd. 6.

Loss of privileges. For driving over 100 m.p.h., a driver's license will be revoked for at least six months. Minnesota does not use a point system, but habitual traffic violations including speeding within 12- or 24-month periods cause removal of driving privileges. Minn. Stat. §§ 169.14, subd. 1a; 169.89; 171.17.

Violations on a Driver's Record

Speeding violations are not recorded on the motorist's driving record maintained by the Department of Public Safety (DPS), if the driver did not exceed 10 m.p.h. over the speed limit in a 55 m.p.h. zone, or 5 m.p.h. over the limit in a 60 m.p.h. zone. However, violations are still recorded if: (1) the speed limit is below 55 m.p.h., or is 65 m.p.h. or higher; (2) the violation occurred in a commercial motor vehicle; or (3) the driver holds a commercial driver's license or permit. Minn. Stat. § 171.12, subd. 6. Insurance companies and data vendors can access DPS driving records for a fee. The courts keep separate records.

Minnesota House Research Department provides nonpartisan legislative, legal, and information services to the Minnesota House of Representatives. This document can be made available in alternative formats.

DEPARTMENT OF TRANSPORTATION

District 3 7694 Industrial Park Baxter, MN 56425

February 9, 2022

Tim Bray, PE Crow Wing County Engineer 16589 County Road 142 Brainerd, MN 56401

Subject: Speed Zoning - Crow Wing County Road 66

Dear Mr. Bray,

As requested, an engineering and traffic investigation has been completed to determine the safe and reasonable speed limit on County Road (CR) 66, between Crow Wing County State Aid Highway (CSAH) 3 and CSAH 1. No change in the previously authorized speed limit is recommended at this time.

Our recent study consisted of a road review, test drives, and speed checks. The speed check occurred at seven locations along the corridor including four between CSAH 3 and CSAH 16 (see attached map). The checks correspond with the current speed authorizations and a detailed explanation is provided in the Road Summary Form attached.

Thirteen crashes were recorded on this corridor from 2016 to 2020, four of which were on the segment between CSAH 3 and CSAH 16 (Crosslake segment). Both the corridor overall and Crosslake segment are preforming below the total statewide average for similar roadways. While the corridor is below the statewide average for fatal and serious injury crashes, the Crosslake segment is slightly above the statewide average but below the critical crash rate.

The City of Crosslake has expressed concerns with current operating speeds particularly between the Daggett Lake Bridge and CSAH 16. Changing the roadway context and geometry is needed to achieve sustained lower operating speeds where changing a number on a sign does not change driver behavior long term. Changes such as lane width, removal of parking lanes, addition of sidewalk on the east side of the roadway, pedestrian bumpouts, and pedestrian median refuge islands are a few ideas that will impact operating speeds.

Please note CR 66 is signed incorrectly according to the 1995 Speed Authorization. The zone between 2000ft north of County Road 140 (now named Manhattan Point Blvd) to CSAH 1 is Statutory but posted 45mph. Please remove the southbound 45mph zone near CSAH 1 and install either a 55mph sign or End Speed Zone sign to indicate this change to drivers.

If you have any questions pertaining to retaining the current authorization, please feel free to contact me (218-820-8341).

DEPARTMENT OF TRANSPORTATION

Sincerely,

Kenneth Hansen Hansen

March 15, 2021

Crow Wing County Highway Department Attn: Rob Hall 16589 County Road 142 Brainerd, MN 56401

Dear Mr. Hall,

The Crosslake City Council received a request from a resident to have the speed lowered on County Road 66 from the Daggett/Cross Lake Channel, north, to the 37028 County Road 66 at the firehall. The City has also fielded complaints for other areas the Council requests to be included in the speed study as follows:

- CSAH 3/CSAH 103 intersection, north, to Maucieri's
- CSAH 66 from the Daggett/Cross Lake Channel north to CSAH 16
- CSAH 66/16 intersection from Moonlite Bay to West Shore Drive

If all of these locations could be included in the study, that would be appreciated.

Please let the City know if the request is approved and what the timeline is for completion. It is our understanding there is no cost to the City for this study.

If you have any questions, you can reach me at 218-692-9803.

Sincerely,

Muhal R. Jusmai

RE: Traffic Investigation (CSAH 66 / CSAH 3 / CSAH 16)

Dear Mr. Hansen:

In accordance with Minnesota Statues Chapter 169.14 Subdivision 5, I hereby officially request that the Commissioner of Transportation conduct an engineering and traffic investigation for the purposes of determining and authorizing the erection of signs indicating the reasonable and safe speed limit upon:

County Road 66 from CSAH 3 to CSAH 16 County Road 3 from CSAH 36/CR 103 to CSAH 66 County Road 16 from West Shore Dr to CSAH 66

Please also find an enclosed map of the proposed study area.

If you have questions or concerns, please feel free to contact me.

Sincerely,

Tim Bray

County Engineer

Roadway Summary Form

Date: 2/6/2022

By: <u>KRH</u>

County: Crow Wing

Municipality: <u>N/A</u>

Road Name: CSAH 66

From: CSAH 3

Roadway:

Length <u>2.16mi</u> Should Width <u>40ft</u> Type <u>Bituminous</u> Condition <u>Good</u> Accesses per Mile <u>30.6 (~63 accesses in 2.16mi)</u> Alignment: Horizontal <u>Several curves</u> Vertical <u>Slight</u> Land Use: <u>Urban/Suburban</u>

To: <u>CSAH 16</u>

To: CSAH 1

Shoulder:	Width <u>8ft</u>
	Rumble Strips <u>No</u>
	Type <u>Bit</u>
	Condition Good

From: CSAH 16

Roadway:

Length 3.02miShoulder:Width 34-42ftType BituminousType BituminousCondition GoodCondition GoodAccesses per Mile 15.6 (~47 accesses in 3.02 mi)Alignment:Horizontal Several curves
Vertical SlightLand Use:Natural/recreational cabins

Width <u>2-10ft</u> Rumble Strips <u>No</u> Type <u>Bit</u> Condition <u>Good</u>

Volume: 1500-5900

Crash Data: See Attached

Traffic Control: CSAH 66 stops at CSAH 1, minor road stop, NPZ

Existing Speed Limit: 35, 45, Statutory 55mph

Test Run Speed: 30-60mph

Speed Checks	Location	85 th NB	Pace NB	85 th SB	Pace SB
7	Approximately 500ft north of Swan Dr.	39mph	32-41mph	39mph	34-43mph
1	Approximately 500ft south of Edgewater Ln	41mph	34-43mph	40mph	34-43mph
2	At Log Landing/Old Logging Rd	44mph	38-47mph	44mph	37-46mph
3	At Daggot Pine Rd	44mph	36-45mph	44mph	37-46mph
4	Approximately 250ft north of Manhattan Point Blvd.	48mph	43-52mph	44mph	39-48mph
5	Approximately 1100ft south of Boulder Woods	52mph	45-54mph	51mph	43-52mph
6	At Meyer Lake Rd	56mph	47-56mph	58mph	47-56mph

Speed limit recommendation and justification: <u>Recommend No Change from the prior speed limit</u> <u>authorization.</u>

35mph between CSAH 3 and 1100ft north of Daggett Lake Bridge. 35mph is at the low end of the 10mph pace in speed checks #7 and #1. This area should be raised to the 40mph speed however after multiple discussions with the County Engineer, due to the sub-urban context, high number of access points, and pedestrian activity we agreed to keep the existing speed limit. To further reduce operating speeds to 35mph from the current 39-41mph, reduced cross-section and improved pedestrian facilities should be considered.

45mph between 1100ft north of Daggett Lake Bridge to CSAH 16. The City of Cross Lake requested a 35mph speed limit from 1100ft north of Daggett Lake Bridge to CSAH 16, however speed checks #2 and #3, do not support continuing the 35mph speed with 85th percentile speeds near the current speed limit of 45mph. Similar to the section south of Daggett Lake Bridge, this section has sub-urban context and high number of access points however the wide roadway, large building setbacks, and heavy wooded areas lead drivers to feel safe driving at 45mph – shown with the speed checks and with multiple test drives.

45mph between CSAH 16 to 2,000ft north of Manhattan Point Blvd would be adequate to leave the existing 45mph speed limit. Northbound has a 4mph greater 85th percentile speed than Southbound, 48mph and 44mph respectively on speed check #4. The existing 45mph zone is in between the speed check results and makes the most sense to keep it as is.

Statutory between 2,000ft north of Manhattan Point Blvd to CSAH 1. North of Manhattan Beach City Hall the roadway context changes to Natural with large setbacks to buildings. Speed Checks #5 and #6 show this with 85th percentile speeds from 51-58mph. Test drives confirm that Statutory is a reasonable speed limit. If the County places an "End 45mph speed zone" sign, it is likely that drivers will drive closer to 50mph near Big Trout Lake and speed up to 55mph near Northgate Ln.

Note the previous Speed Authorization was not posted correctly in this location. The signing on CR 66 has 45mph from 1100ft north of Daggett Lake Bridge to CSAH 1 whereas the authorization ends the 45mph at 2000ft north of Manhattan Point Blvd (previously named County Road 140) with the intent of Statutory from that point to CSAH 1 (see the attached authorization and speed zone letter).

Segment Safety Screening

Intersection: Crow Wing CSAH 66

Crashes from 2016-2020

Statewide Averages based on 2015-2019 crashes

Crashes by Crash Sev	erity	Ana
Fatal	0	Length
Incapacitating Injury	1	VMT
Minor Injury	2	
Possible Injury	1	Non-juction Al
Property Damage	9	
Total Crashes	13	

Annual crash cost per mile = \$53,938

Statewide comparison = Urban 2-Lane ADT 1500-4999

Total Crash Ra	te	Fatal & Serious II	njury Crash Rate
Observed	0.402	Observed	3.094
Statewide Average	1.247	Statewide Average	3.616
Critical Rate	1.770	Critical Rate	9.450
Critical Index	0.23	Critical Index	0.33

The observed crash rate is the number of crashes per million vehicle miles traveled (MVMT). The critical rate is a statistical comparison based on similar trunk highways statewide. An observed crash rate greater than the critical rate indicates that the section operates outside the expected, normal range. The critical index reports the magnitude of this difference.

The observed total crash rate for this period is 0.40 per MVMT; this is 77% below the critical rate. Based on similar statewide segments, an additional 45 crashes over the five years would indicate this section operates outside the normal range.

The observed fatal and serious injury crash rate for this period is 3.09 per 100 MVMT; this is 67% below the critical rate. The section operates within the normal range.

SPEED SAMPLE #6

STATE OF MINNESOTA DEPARTMENT OF TRANSPORTATION

Page 1 of 1 Page

LOCAL STREET OR HIGHWAY SPEED LIMIT AUTHORIZATION

Road Authority	Crow Wing County	Date July 26, 1995
Road Name or No.	County State Aid Highway 66	
Termini of Zone: From	CSAH 3	
To 2000 feet north of Co	ounty Road 140	Date of Request June 13, 1995

Kindly make the following changes in speed limits on the above-referenced section. Changes authorized herein are in accordance with Minnesota Highway Traffic Regulation Act, M.S. Chapter 169.14 and applicable subdivisions thereof.

35 miles per hour between the intersection with County State Aid Highway 3 and a point approximately 1100 feet north of the Daggett Lake Bridge.

45 miles per hour between a point approximately 1100 feet north of the Daggett Lake Bridge and a point approximately 2000 feet north of the intersection with County Road 140.

Caunty Road 140 = Manhallan Point Bluel.

NOTE:

The speed limits, described in this authorization, are authorized contingent upon curves and hazards being signed with the appropriate advance curve or warning signs, including appropriate speed advisory plates. The roadway described shall be reviewed for traffic control devices impacted by the authorized speed limits before posting the signs. Warning signs and speed limit signs shall be in accordance with the Minnesota Manual on Uniform Traffic Control Devices.

Office of Traffic Engineering Mail Stop 725 1500 West County Road B2, Suite 250 Roseville, MN 55113 Office Tel: 612/582-1042 Fax: 612/582-1033

July 26, 1995

Roy A. Luukkonen Crow Wing County Auditor 326 Laurel Street Brainerd MN 56401-3590

Dear Mr. Luukkonen:

As requested by County Resolution, dated June 13, 1995, attached is authorization to erect the appropriate signs designating the reasonable and safe speeds on CSAH 66. The speed limit authorization dated May 11, 1995 is hereby rescinded.

Please keep this authorization in your permanent files, we have our necessary copies. Erection of signs shall be in conformance with the 1991 Minnesota Manual on Uniform Traffic Control Devices.

Note the contingency on the authorizations. This must be met before the regulatory speed limit signs are erected or changed.

Sincerely,

luch CY.

Michael J. Gillen, P.E. Assistant State Traffic Engineer

cc: Duane A. Blanck Crow Wing County Highway Engineer (Transmittal Only) DEPARTMENT: Field Operations Division

STATE OF MINNESOTA OFFICE MEMORANDUM

" IMPROVING SAFETY THROUGH SOUND ENGINEERING DECISIONS"

5011J2*1*:

DATE : July 12, 1995

TO : Mike Gillen - MS 725 Assistant Traffic Engineer

FROM : Thomas L. Dumont Assistant District Traffic Engineer Saint Cloud, Minnesota

SUBJECT : Speed Zoning C.S.A.H. 66 Crow Wing County

We have completed an engineering and traffic investigation on CSAH 66 in Crow Wing County as requested by the Crow Wing County Board of Commissioners in a June 13th 1995 resolution. A previous speed study was conducted in the Spring of 1995, see May 2, 1995 letter of recommendation, which mentioned the state would restudy the area north of the Daggett Lake Bridge if the county so desired. The counties June 13th, 1995, resolution expresses that desire.

Based on 1987 logging notes (the 1987 notes adequately reflect current conditions), and recent speed checks we recommend the following speeds:

35 miles per hour between Crow Wing CSAH 3 and a point approximately 1100 north of Daggett Lake Bridge. This lenghtens the current 35 MPH zone north approximately 500 feet, thereby terminating shortly after a small group of businesses located in that area.

45 miles per hour between a point approximately 1100 north of Daggett Lake Bridge and a point approximately 2000 feet north of County Road 140.

Statutory between a point approximately 2000 north of County Road 140 and CSAH 1. \Rightarrow

We recommend the 35 MPH limit for the following reasons:

- The limit would continue the 35 MPH zone that is authorized for CSAH 3 south of CSAH 66. CSAH 66 is the main thoroughfare in Crosslake.
- Test speed runs at various speeds along this section confirm 35 MPH to be the comfortable speed.
- Area is developed with commercial and residential buildings scattered on both sides of the road.

* County Road 140 = Manhattan Point Blud.

We recommend the 45 MPH limit for the following reasons:

- Speed checks taken at 3 locations in early July 1995, indicate the 45 MPH zone to be in good compliance with the 85% speeds. See map and radar checks forms.
- This will consolidate the existing zones and hopefully give better overall compliance due to the consistency.

We recommend the Statutory speed limit for the following reasons:

- Two speed checks taken in April 1995, show the 85% speed to be within the 55 MPH range. Test runs also confirm this to be the preferred speed at the north end of CSAH 66.
- There is no reason to restrict normal free flow traffic as the roadway environment "opens up" into the rural country side.

The above speed limits are recommended contingent upon curves and hazards being signed with the appropriate warning signs, including appropriate speed advisory plates. The roadway should be reviewed for traffic control devices impacted by the recommended speed limit before posting the signs. All signs shall be in conformance with the MMUTCD. The above speed limit is based on roadway conditions on the date of recommendation.

We have discussed our recommendations with Duane Blanck, Crow Wing County Engineer and Cross Lake Public Safety Liaison, Jane Michaud.

cc: Dan Brannan - 725 Duane Blanck - Crow Wing County Gary Dirlam - Baxter

Speed Limits

What are speed limits?

There are two types of speed limits in Minnesota – statutory speed limits and regulatory speed limits. Statutory speed limits are 30 miles per hour (mph) on city streets and township roads in urban areas and 55 mph on rural, two-lane township, county, and state highways. When road authorities determine that the statutory limit should be reviewed, the law (Minnesota Statute 169.14) requires that the Commissioner of Transportation conduct a traffic engineering investigation to determine a reasonable and safe regulating speed zone. Regulatory speed zones are those other speed limits such as 35, 40, 45, and 50 mph.

How are regulatory speed limits determined?

The Minnesota Department of Transportation (MnDOT) determines regulatory speed zones by using two performance measures:

- The 85th Percentile Speed (speed at which 85 percent of drivers are traveling at or below).
- The Ten Mile Per Hour Pace (Pace) (10-mph range that contains the highest fraction of drivers in the sample).

Using these performance measures is a best practice and is consistent with conclusions from transportation research and guidance in *Minnesota's* and *FHWA's Manual on Uniform Traffic Control Devices*^(1,2). These performance measures reflect two basic principles of the speed laws and the speed zoning process:

- Most drivers will select reasonable and safe speed based on their perception of the roadway environment.
- There are fewer potential conflicts and an increased level of safety for vehicles and pedestrians when drivers travel about the same speed.

Why are speed limits needed?

Providing drivers with guidance about reasonable operating speed helps create safer roadways. In Minnesota, almost 20 percent of severe crashes are related to excessive speed. National research^(3,4) states that setting and posting speed limits with the 85th Percentile Speed and Pace enhances driver expectation, compliance, and safety on roadways.

How effective are speed limits?

National research^(3,4) shows that drivers mostly select reasonable and safe speeds through their perception of the roadway environment, not by speed limit signs. The most comprehensive national research⁽³⁾ examined 100 sites in 22 states where speed limits were lowered or raised by 5 to 20 mph. The report concluded that changing the speed limit did not necessarily result in changed driver behavior⁽³⁾.

Changing posted speed limits does not appear to change driver behavior.

MnDOT conducted similar research and participated with local authorities to investigate the results of an engineering and traffic investigation that recommended the speed limit be raised. MnDOT investigated by:

- · Temporarily changing the speed limit.
- Allowing local authorities to apply increased levels of enforcement.
- · Regularly documenting resulting speed profiles.

In each case, the speed limit was changed by between 5 and 15 mph and the measured 85th percentile speed changed between 0 and 3 mph (Table 1). The key conclusion from these experiments is consistent with the national research that changing posted speed limits does not appear to change driver behavior.

When should speed limits vary?

Primary candidate locations for establishing regulatory speed limits are:

- **Roads that transition from rural to urban.** During these transitions drivers should slow their speed. However, the differences in the road environment may be too subtle to prompt a driver-initiated speed change. In these instances, dynamic speed feedback signs are effective.
- Urban arterials and collectors are roadways that are typically wider than other urban streets, on-street parking is often prohibited, and adjacent land development is set back from the curb. These conditions support driver perceptions that higher speeds are reasonable.

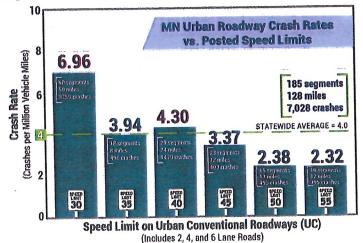

(Section continues on next page)

Most requests from local authorities to lower speed limits are based on the idea that slower speeds are implicitly associated with greater safety, which is not supported by the research and evidence⁽⁴⁾. In urban areas, roads with 30 mph speed limits had the highest crash involvement rate (Figure 1) and the rate diminishes with increasing speed limits. Also, the density of access had a greater effect on crash involvement than the posted speed limit. In other words, safety on urban roadways is more a function of proper access management of roadways than the posted speed limit⁽⁴⁾.

What are additional considerations?

Efforts to influence drivers' choice of reasonable and safe driving speed is a shared responsibility. Road authorities should consider:

- The best way to provide drivers with a consistent message and a road environment matching the posted speed limit.
- The best way to reinforce a safe operating speed through the selection of design features that reinforce the desired operating speed.
- Review of additional research and resources from Minnesota's Local Road Research Board like – Addressing Citizen Requests for Traffic Safety Concerns⁽⁶⁾.
- Monitor speeds over time to actively manage speed zones. Im

Minnesota Speed Limits

December 2021

Basic Speed Limits and Requirements

Statutory speed limits. State statute sets Minnesota speed limits based on the type of roadway (which can be modified in some cases, as discussed below). The statutory speed limits are: 65 m.p.h. or 70 m.p.h. for Interstate highways (depending on whether the road is, respectively, within or outside of an urbanized area of at least 50,000); 65 m.p.h. on divided highways with controlled access; 30 m.p.h. in an "urban district," which is any segment of a city street or town road with structures spaced less than 100 feet apart for a minimum distance of a quarter-mile; 10 m.p.h. for alleys, manufactured home parks, and campgrounds; and a general default of 55 m.p.h. on other roads. Minn. Stat. §§ 169.011; 169.14; 327.27.

Other limits. The speed limit is increased by 10 m.p.h. when passing on two-lane highways if posted at 55 m.p.h. or higher. Some limits apply for specific vehicles (e.g., 30 m.p.h. for implements of husbandry). Minn. Stat. §§ 169.14, subd. 2a; 169.801. There is a 40-m.p.h. minimum speed on Interstate highways.

Due care. State law also prohibits a person from driving "at a speed greater than is reasonable and prudent under the conditions" and directs drivers to "use due care." Minn. Stat. § 169.14, subd. 1. The provision can obligate a motorist to reduce traveling speed to below the limit in dangerous conditions. Similarly, a requirement to "drive at an appropriate reduced speed" applies in specified circumstances, such as when passing emergency vehicles or at a rail crossing. Minn. Stat. § 169.14, subd. 3.

Adjusted Speed Limit Zones

MnDOT has the authority to establish speed zones that adjust the speed limit higher or lower than what is set in statute. MnDOT can establish a zone on trunk highways as well as on local roads in response to a local request (discussed below). Minn. Stat. § 169.14, subds. 4 and 5. To determine the appropriate limit, MnDOT conducts an engineering and traffic investigation, which analyzes a variety of factors including: roadway design and characteristics; traffic volume; crash history; and observed speeds, with a particular focus on the 85th percentile of vehicle speeds (that is, the speed at or below which 85 percent of vehicles are measured as traveling).

Restricted Local Authority

Cities, counties, and towns have some limited power to set or to seek adjustments to speed limits on roads that are under their respective jurisdictions. Several provisions govern adjustments to the statutory speed limits under different circumstances.

- A local road authority can request MnDOT to perform an engineering and traffic investigation of a road. However, MnDOT—not the local authority—determines whether to establish a speed zone as well as the resulting speed limit. Minn. Stat. § 169.14, subd. 5.
- Cities can set speed limits on city streets without a MnDOT traffic study but following various other process requirements. Minn. Stat. § 169.14, subd. 5h.
- A local road authority may reduce the speed limit to 25 m.p.h. on a "residential roadway," which is a city street or town road that (1) has a total length of up to a half-mile, or (2) is not a collector or arterial road and is in an area zoned exclusively for housing. Minn. Stat. §§ 169.011, subd. 64; 169.14, subd. 2.
- If MnDOT sets a speed zone for a city street or town road in an "urban district" (as defined above) that is at least a quarter-mile long, the city or town can lower the limit to 30 m.p.h.

- A local road authority may reduce the speed limit to 35 m.p.h. in a "rural residential district," which is a city street or town road segment with residential houses spaced less than 300 feet apart for at least a quarter-mile. Minn. Stat. § 169.011, subd. 69a.
- In school zones, a local road authority may, based on its own engineering and traffic study, prescribe a speed limit that is as low as 15 m.p.h. and no more than 30 m.p.h. below the surrounding limit. Minn. Stat. § 169.14, subd. 5a.
- Subject to various requirements, speed limits can also be adjusted on other roadways. This includes: (1) on streets that have a designated bicycle lane (at no less than 25 m.p.h.); (2) on park roads (at no less than 15 m.p.h. and no more than 20 m.p.h. below the surrounding limit, and subject to a MnDOT engineering and traffic study); (3) in manufactured home parks (at between 10 m.p.h. and 30 m.p.h.); (4) in alleys; and (5) as designated by the Minneapolis Park and Recreation Board on its roads (at no less than 20 m.p.h.). Minn. Stat. §§ 160.263, subd. 4; 169.14, subds. 5c and 5e; 327.27; Laws 2021, 1st spec. sess., ch. 5.

Work Zones

Speed limits can be adjusted in work zones. An existing speed limit of 50 m.p.h. or higher is adjusted down to 45 m.p.h. when at least one lane of traffic is closed and workers are present, although there are various exceptions. Without an engineering and traffic study, both MnDOT and local road authorities can also reduce the limits when workers are present; the extent of a reduction is restricted depending on the existing limit. Minn. Stat. § 169.14, subd. 5d.

Penalties

Fines. Speeding is generally a petty misdemeanor, carrying a base fine that normally ranges from \$40 to \$150 (depending on speed) and no prison sentence. In addition to the base fine, there is a \$75 court surcharge and a law library fee might be imposed.

The penalty is enhanced in various circumstances. The base fine for speeding is doubled if the violation: (1) occurs in a school zone; (2) involves speeds of 20 m.p.h. or more above the limit; or (3) occurs when passing a parked emergency vehicle with flashing lights. The fine is \$300 for a violation in a work zone. A surcharge also applies in some situations. A speeding violation can be charged as a misdemeanor if it is in a manner that endangers people or property. Minn. Stat. §§ 169.14; 169.89; 357.021, subd. 6.

Loss of privileges. For driving over 100 m.p.h., a driver's license will be revoked for at least six months. Minnesota does not use a point system, but habitual traffic violations including speeding within 12- or 24-month periods cause removal of driving privileges. Minn. Stat. §§ 169.14, subd. 1a; 169.89; 171.17.

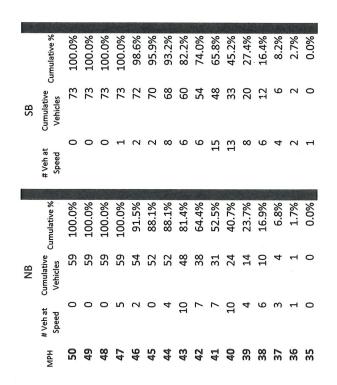

Violations on a Driver's Record

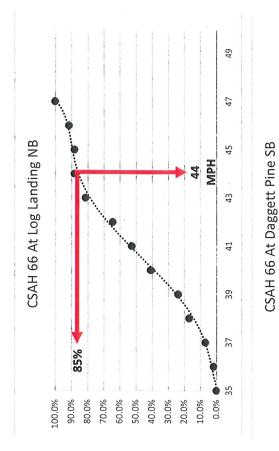

Speeding violations are not recorded on the motorist's driving record maintained by the Department of Public Safety (DPS), if the driver did not exceed 10 m.p.h. over the speed limit in a 55 m.p.h. zone, or 5 m.p.h. over the limit in a 60 m.p.h. zone. However, violations are still recorded if: (1) the speed limit is below 55 m.p.h., or is 65 m.p.h. or higher; (2) the violation occurred in a commercial motor vehicle; or (3) the driver holds a commercial driver's license or permit. Minn. Stat. § 171.12, subd. 6. Insurance companies and data vendors can access DPS driving records for a fee. The courts keep separate records.

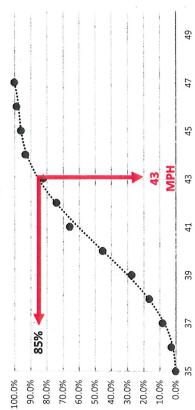

Minnesota House Research Department provides nonpartisan legislative, legal, and information services to the Minnesota House of Representatives. This document can be made available in alternative formats.

DEPARTMENT OF TRANSPORTATION

District 3 7694 Industrial Park Baxter, MN 56425

January 13, 2022

Mr. Ken Johnson Assistant State Traffic Engineer MnDOT Office of Traffic Engineering 1500 West Co Rd B-2 Roseville, MN 55113

Subject: Speed Zoning – Crow Wing County Road 13

Dear Mr. Johnson

We have completed an engineering and traffic investigation to determine a reasonable and safe speed limit for Crow Wing County Road 3 between Crow Wing County Road 11 and County Road 1. This was done following receipt of a resolution from the Crow Wing County Engineer dated March 25, 2021.

Based on investigation results, we recommend the following speed limits for County Road 3:

Statutory, between County Road 11 to a point approximately 650ft south of the junction with Riverwood Lane.

45 miles per hour, between a point approximately 650ft south of the junction with Riverwood Lane to a point approximately 650ft South of the junction with County Road 66.

35 miles per hour, between a point approximately 650ft South of the junction with County Road 66 to the junction with County Road 37.

45 miles per hour, between the junction with County Road 37 to the junction with Pine Bay Road.

Statutory, between the junction with Pine Bay Road to a point approximately 1600ft south of County Road 1.

45 miles per hour, between point approximately 1600ft south of County Road 1 to the junction with County Road 1

We recommend a 45 miles per hour transition speed between the rural wooded and the suburban commercial area on the south side of the City of Crosslake. The previous authorized zone was moved north to better correlate with the roadway context change based on test drives.

We recommend 35 miles per hour in the suburban/urban context in Crosslake. Given the roadway geometry and land use context, a lower speed is not appropriate.

We recommend a 45 miles per hour transition speed between the suburban commercial/golf course and rural wooded area on the north side of the City of Cross Lake.

STATE OF MINNESOTA DEPARTMENT OF TRANSPORTATION

LOCAL STREET OR HIGHWAY SPEED LIMIT AUTHORIZATION

Road Authority: Crow Wing County	Date: December 30, 2021
Road Name or No.: County Road 3	Date of Request: March 25,
·	2021

Location: Between the junction of County Road 11 and the junction of County Road 1

As authorized in Minnesota Statutes, Section 169.14, it is hereby ordered that the following speed limits are approved and shall be put into effect on the described roadway or sections thereof.

Statutory between junction with County Road 11 to a point approximately 650ft south of the junction with Riverwood Lane in the City of Crosslake.

45 miles per hour between a point approximately 650ft south of the junction with Riverwood Lane to a point approximately 650ft south of the junction with County Road 66.

35 miles per hour between a point approximately 650ft south of the junction with County Road 66 to the junction with County Road 37.

45 miles per hour between the junction with County Road 37 to the junction with Pine Bay Road in the City of Crosslake.

Statutory between the junction with Pine Bay Road to a point approximately 1600ft south of County Road 1.

45 miles per hour between a point approximately 1600ft south of County Road 1 to the junction with County Road 1

DEPARTMENT OF TRANSPORTATION

District 3 7694 Industrial Park Baxter, MN 56425

We recommend 45mph within the rural crossroads area of Fifty Lakes just south of County Road 1. Development is only along the east side of the roadway with mixed wooded area. Test drives and a speed check show this area needs to be raised from the previously authorized zone.

I have discussed our recommendations with Tim Bray, Crow Wing County Engineer, and he concurs.

Sincerely,

Kenneth Hansen Date: 2022.01.13 10:58:46 -06'00'

Kenneth Hansen, PE District Traffic Engineer

CC: Nate Drews, Jack Austin

Minnesota Department of Transportation Attn: Ken Hansen 7694 Industrial Park Rd Baxter, MN 56425

RE: Traffic Investigation (CSAH 66 / CSAH 3 / CSAH 16)

Dear Mr. Hansen:

In accordance with Minnesota Statues Chapter 169.14 Subdivision 5, I hereby officially request that the Commissioner of Transportation conduct an engineering and traffic investigation for the purposes of determining and authorizing the erection of signs indicating the reasonable and safe speed limit upon:

County Road 66 from CSAH 3 to CSAH 16 County Road 3 from CSAH 36/CR 103 to CSAH 66 County Road 16 from West Shore Dr to CSAH 66

Please also find an enclosed map of the proposed study area.

If you have questions or concerns, please feel free to contact me.

Sincerely,

Tim Bray

County Engineer

Existing Speed Limit: 35mph, 45mph, and Statutory

Test Run Speed: 35-60mph

Speed	Location	85 th NB	Pace NB	85 th SB	Pace SB	
Checks						
1	At Black Bear Path	57mph	51-60mph	59mph	51-60mph	
2	Approximately 350ft S of East Shore	57mph	48-57mph	56mph	48-57mph	
	Rd					
3	Approximately 500ft S of Swann Dr	48mph	39-48mph	49mph	40-49mph	
4	Approximately 1425ft S of CSAH 1	44mph	35-44mph	48mph	37-46mph	

Speed limit recommendation and justification: <u>Recommend changing the existing authorization based</u> on the speed checks and test drives to allow for more homogeneous speed transitions into Cross Lake on the south side and in Fifty Lakes area.

Statutory from CSAH 11 to ~650ft south of Riverwood Ln. The speed check near East Shore Rd (near the current 45mph transition), is 57mph for NB and 56mph for SB and indicating that continuing the statutory speed limit north is appropriate. The natural wooded context on the east side of the road gives a rural feel to this area. This changes south of Riverwood Ln as access spacing decreases and building setbacks are closer to the roadway.

<u>45mph from ~650ft south of Riverwood Ln to ~650ft south of CR 66 (immediately north of Pine River</u> <u>Bridge). This is a transition segment into the City of Cross Lake. Test drives determined that the context</u> <u>changes on the north side of the Pine River Bridge into an urban context which carries through to CSAH</u> 37.

<u>35mph from ~650ft south of CR 66 to CSAH 37. This is an urban context though roadway width, varied</u> <u>building setbacks, and mixed wooded context play into higher operating speeds than a more traditional</u> <u>30mph speed limit.</u>

45mph from CSAH 37 to Pine Bay Road. The speed check south of Swann Dr shows an 85th percentile speed of 48mph NB and 49mph SB. This segment is commercial and has a golf course that is split by the roadway leading to pedestrian and golf cart traffic crossings. This is a transition segment into the City of Cross Lake. Given the context and transition to an urban area, using the lower speed of 45mph is appropriate which is still within the 10mph pace.

Statutory 55mph from Pine Bay Road to ~1600ft south of CSAH 1.

45mph from ~1600ft south of CSAH 1 to CSAH 1. Rural crossroads context in Fifty Lakes with buildings primarily on the east side of the roadway. Speed check approximately 1425ft south of CSAH 1 show an 85th percentile speed of 44mph NB and 48mph SB. It is anticipated NB drivers will be slowing for the stop condition at CSAH 1 which is likely the reason for the speed difference between both directions.

Segment Safety Screening

Intersection: Crow Wing CSAH 3 from CSAH 11 to CSAH 1

Crashes from 2016-2020

Statewide Averages based on 2015-2019 crashes

Crashes by Crash Sever	ity
Fatal	0
Incapacitating Injury	2
Minor Injury	7
Possible Injury	4
Property Damage	12
Total Crashes	25

Anal	ysis Description

Annual crash cost per mile = \$70,763

Statewide comparison = Urban 2-Lane ADT 1500-4999

Total Crash Ra	ite	Fatal & Serious Inju	iry Crash Rate
Observed	0.319	Observed	2.552
Statewide Average	1.247	Statewide Average	3.616
Critical Rate	1.580	Critical Rate	7.010
Critical Index	0.20	Critical Index	0.36

The observed crash rate is the number of crashes per million vehicle miles traveled (MVMT). The critical rate is a statistical comparison based on similar trunk highways statewide. An observed crash rate greater than the critical rate indicates that the section operates outside the expected, normal range. The critical index reports the magnitude of this difference.

The observed total crash rate for this period is 0.32 per MVMT; this is 80% below the critical rate. Based on similar statewide segments, an additional 99 crashes over the five years would indicate this section operates outside the normal range.

The observed fatal and serious injury crash rate for this period is 2.55 per 100 MVMT; this is 64% below the critical rate. The section operates within the normal range.

SPEED SAMPLE #4

 $^{\circ}$

[•] Speed Limits

What are speed limits?

There are two types of speed limits in Minnesota – statutory speed limits and regulatory speed limits. Statutory speed limits are 30 miles per hour (mph) on city streets and township roads in urban areas and 55 mph on rural, two-lane township, county, and state highways. When road authorities determine that the statutory limit should be reviewed, the law (Minnesota Statute 169.14) requires that the Commissioner of Transportation conduct a traffic engineering investigation to determine a reasonable and safe regulating speed zone. Regulatory speed zones are those other speed limits such as 35, 40, 45, and 50 mph.

How are regulatory speed limits determined?

The Minnesota Department of Transportation (MnDOT) determines regulatory speed zones by using two performance measures:

- The 85th Percentile Speed (speed at which 85 percent of drivers are traveling at or below).
- The Ten Mile Per Hour Pace (Pace) (10-mph range that contains the highest fraction of drivers in the sample).

Using these performance measures is a best practice and is consistent with conclusions from transportation research and guidance in *Minnesota's* and *FHWA's Manual on Uniform Traffic Control Devices*^(1,2). These performance measures reflect two basic principles of the speed laws and the speed zoning process:

- Most drivers will select reasonable and safe speed based on their perception of the roadway environment.
- There are fewer potential conflicts and an increased level of safety for vehicles and pedestrians when drivers travel about the same speed.

Why are speed limits needed?

Providing drivers with guidance about reasonable operating speed helps create safer roadways. In Minnesota, almost 20 percent of severe crashes are related to excessive speed. National research^(3,4) states that setting and posting speed limits with the 85th Percentile Speed and Pace enhances driver expectation, compliance, and safety on roadways.

How effective are speed limits?

National research^(3,4) shows that drivers mostly select reasonable and safe speeds through their perception of the roadway environment, not by speed limit signs. The most comprehensive national research⁽³⁾ examined 100 sites in 22 states where speed limits were lowered or raised by 5 to 20 mph. The report concluded that changing the speed limit did not necessarily result in changed driver behavior⁽³⁾.

Changing posted speed limits does not appear to change driver behavior.

MnDOT conducted similar research and participated with local authorities to investigate the results of an engineering and traffic investigation that recommended the speed limit be raised. MnDOT investigated by:

- · Temporarily changing the speed limit.
- Allowing local authorities to apply increased levels of enforcement.
- · Regularly documenting resulting speed profiles.

In each case, the speed limit was changed by between 5 and 15 mph and the measured 85th percentile speed changed between 0 and 3 mph (Table 1). The key conclusion from these experiments is consistent with the national research that changing posted speed limits does not appear to change driver behavior.

When should speed limits vary?

Primary candidate locations for establishing regulatory speed limits are:

- Roads that transition from rural to urban. During these transitions drivers should slow their speed. However, the differences in the road environment may be too subtle to prompt a driver-initiated speed change. In these instances, dynamic speed feedback signs are effective.
- **Urban arterials and collectors** are roadways that are typically wider than other urban streets, on-street parking is often prohibited, and adjacent land development is set back from the curb. These conditions support driver perceptions that higher speeds are reasonable.

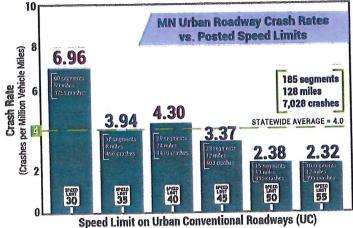

(Section continues on next page)

Most requests from local authorities to lower speed limits are based on the idea that slower speeds are implicitly associated with greater safety, which is not supported by the research and evidence⁽⁴⁾. In urban areas, roads with 30 mph speed limits had the highest crash involvement rate (Figure 1) and the rate diminishes with increasing speed limits. Also, the density of access had a greater effect on crash involvement than the posted speed limit. In other words, safety on urban roadways is more a function of proper access management of roadways than the posted speed limit⁽⁴⁾.

Speed Limit on Urban Conventional Roadways (UC, (Includes 2, 4, and 6 Lane Roads)

What are additional considerations?

Efforts to influence drivers' choice of reasonable and safe driving speed is a shared responsibility. Road authorities should consider:

- The best way to provide drivers with a consistent message and a road environment matching the posted speed limit.
- The best way to reinforce a safe operating speed through the selection of design features that reinforce the desired operating speed.
- Review of additional research and resources from Minnesota's Local Road Research Board like – Addressing Citizen Requests for Traffic Safety Concerns⁽⁶⁾.
- Monitor speeds over time to actively manage speed zones.

Minnesota Speed Limits

December 2021

Basic Speed Limits and Requirements

Statutory speed limits. State statute sets Minnesota speed limits based on the type of roadway (which can be modified in some cases, as discussed below). The statutory speed limits are: 65 m.p.h. or 70 m.p.h. for Interstate highways (depending on whether the road is, respectively, within or outside of an urbanized area of at least 50,000); 65 m.p.h. on divided highways with controlled access; 30 m.p.h. in an "urban district," which is any segment of a city street or town road with structures spaced less than 100 feet apart for a minimum distance of a quarter-mile; 10 m.p.h. for alleys, manufactured home parks, and campgrounds; and a general default of 55 m.p.h. on other roads. Minn. Stat. §§ 169.011; 169.14; 327.27.

Other limits. The speed limit is increased by 10 m.p.h. when passing on two-lane highways if posted at 55 m.p.h. or higher. Some limits apply for specific vehicles (e.g., 30 m.p.h. for implements of husbandry). Minn. Stat. §§ 169.14, subd. 2a; 169.801. There is a 40-m.p.h. minimum speed on Interstate highways.

Due care. State law also prohibits a person from driving "at a speed greater than is reasonable and prudent under the conditions" and directs drivers to "use due care." Minn. Stat. § 169.14, subd. 1. The provision can obligate a motorist to reduce traveling speed to below the limit in dangerous conditions. Similarly, a requirement to "drive at an appropriate reduced speed" applies in specified circumstances, such as when passing emergency vehicles or at a rail crossing. Minn. Stat. § 169.14, subd. 3.

Adjusted Speed Limit Zones

MnDOT has the authority to establish speed zones that adjust the speed limit higher or lower than what is set in statute. MnDOT can establish a zone on trunk highways as well as on local roads in response to a local request (discussed below). Minn. Stat. § 169.14, subds. 4 and 5. To determine the appropriate limit, MnDOT conducts an engineering and traffic investigation, which analyzes a variety of factors including: roadway design and characteristics; traffic volume; crash history; and observed speeds, with a particular focus on the 85th percentile of vehicle speeds (that is, the speed at or below which 85 percent of vehicles are measured as traveling).

Restricted Local Authority

Cities, counties, and towns have some limited power to set or to seek adjustments to speed limits on roads that are under their respective jurisdictions. Several provisions govern adjustments to the statutory speed limits under different circumstances.

- A local road authority can request MnDOT to perform an engineering and traffic investigation of a road. However, MnDOT—not the local authority—determines whether to establish a speed zone as well as the resulting speed limit. Minn. Stat. § 169.14, subd. 5.
- Cities can set speed limits on city streets without a MnDOT traffic study but following various other process requirements. Minn. Stat. § 169.14, subd. 5h.
- A local road authority may reduce the speed limit to 25 m.p.h. on a "residential roadway," which is a city street or town road that (1) has a total length of up to a half-mile, or (2) is not a collector or arterial road and is in an area zoned exclusively for housing. Minn. Stat. §§ 169.011, subd. 64; 169.14, subd. 2.
- If MnDOT sets a speed zone for a city street or town road in an "urban district" (as defined above) that is at least a quarter-mile long, the city or town can lower the limit to 30 m.p.h.

- A local road authority may reduce the speed limit to 35 m.p.h. in a "rural residential district," which is a city street or town road segment with residential houses spaced less than 300 feet apart for at least a quarter-mile. Minn. Stat. § 169.011, subd. 69a.
- In school zones, a local road authority may, based on its own engineering and traffic study, prescribe a speed limit that is as low as 15 m.p.h. and no more than 30 m.p.h. below the surrounding limit. Minn. Stat. § 169.14, subd. 5a.
- Subject to various requirements, speed limits can also be adjusted on other roadways. This includes: (1) on streets that have a designated bicycle lane (at no less than 25 m.p.h.); (2) on park roads (at no less than 15 m.p.h. and no more than 20 m.p.h. below the surrounding limit, and subject to a MnDOT engineering and traffic study); (3) in manufactured home parks (at between 10 m.p.h. and 30 m.p.h.); (4) in alleys; and (5) as designated by the Minneapolis Park and Recreation Board on its roads (at no less than 20 m.p.h.). Minn. Stat. §§ 160.263, subd. 4; 169.14, subds. 5c and 5e; 327.27; Laws 2021, 1st spec. sess., ch. 5.

Work Zones

Speed limits can be adjusted in work zones. An existing speed limit of 50 m.p.h. or higher is adjusted down to 45 m.p.h. when at least one lane of traffic is closed and workers are present, although there are various exceptions. Without an engineering and traffic study, both MnDOT and local road authorities can also reduce the limits when workers are present; the extent of a reduction is restricted depending on the existing limit. Minn. Stat. § 169.14, subd. 5d.

Penalties

Fines. Speeding is generally a petty misdemeanor, carrying a base fine that normally ranges from \$40 to \$150 (depending on speed) and no prison sentence. In addition to the base fine, there is a \$75 court surcharge and a law library fee might be imposed.

The penalty is enhanced in various circumstances. The base fine for speeding is doubled if the violation: (1) occurs in a school zone; (2) involves speeds of 20 m.p.h. or more above the limit; or (3) occurs when passing a parked emergency vehicle with flashing lights. The fine is \$300 for a violation in a work zone. A surcharge also applies in some situations. A speeding violation can be charged as a misdemeanor if it is in a manner that endangers people or property. Minn. Stat. §§ 169.14; 169.89; 357.021, subd. 6.

Loss of privileges. For driving over 100 m.p.h., a driver's license will be revoked for at least six months. Minnesota does not use a point system, but habitual traffic violations including speeding within 12- or 24-month periods cause removal of driving privileges. Minn. Stat. §§ 169.14, subd. 1a; 169.89; 171.17.

Violations on a Driver's Record

Speeding violations are not recorded on the motorist's driving record maintained by the Department of Public Safety (DPS), if the driver did not exceed 10 m.p.h. over the speed limit in a 55 m.p.h. zone, or 5 m.p.h. over the limit in a 60 m.p.h. zone. However, violations are still recorded if: (1) the speed limit is below 55 m.p.h., or is 65 m.p.h. or higher; (2) the violation occurred in a commercial motor vehicle; or (3) the driver holds a commercial driver's license or permit. Minn. Stat. § 171.12, subd. 6. Insurance companies and data vendors can access DPS driving records for a fee. The courts keep separate records.

CONSTRUCTION COST SHARE AGREEMENT WITH THE CITY OF CROSSLAKE (CP 18-200-118 & CP 18-300-33) FOR THE BITUMINOUS SEAL COAT OF ROADWAYS UNDER THE JURISDICTION OF CROW WING COUNTY, FIRST ASSESSMENT DISTRICT, CITY OF BRAINERD, CITY OF CROSBY, CITY OF BREEZY POINT, CITY OF CROSSLAKE, CITY OF LAKESHORE, DEERWOOD TOWNSHIP, JENKINS TOWNSHIP, MAPLE GROVE TOWNSHIP, AND MISSION TOWNSHIP.

This Agreement is made and entered into this day of ______, 2022, by and between the County of Crow Wing, State of Minnesota, a political subdivision of the State of Minnesota, 326 Laurel Street, Brainerd, Minnesota, 56401, hereinafter referred to as "County", and the City of Crosslake, City Hall, 37028 County Road 66, Crosslake, MN 56442 hereinafter referred to as the "City".

WITNESSETH

WHEREAS, the parties mutually agree that a bituminous seal coat desired by the City to be applied to the roadways listed in Attachment A has the potential to result in overall costs savings when combined with the County Project to provide a bituminous seal coat to County roadways and other local agency roadways, and,

WHEREAS, the County has budgeted funds to complete the project; and,

WHEREAS, the Crow Wing County Highway Department has prepared plans and specifications for the project entitled BITUMINOUS SEAL COAT, which plans and specifications are on file in the office of the County Engineer;

NOW, THEREFORE, IT IS MUTUALLY STIPULATED AND AGREED:

I. PURPOSE

The parties have joined together for the purpose of constructing project CP 18-200-118 & CP 18-300-33. This agreement identifies funding responsibilities and also future responsibilities upon project completion. Attachment B (estimate) is considered a part of this agreement.

II. Duties

A. Design and Construction

For this project, the County shall provide all design-engineering services unless otherwise stated in this agreement. The County shall provide all construction-engineering services, with the City being responsible for its share of design engineering/project development as identified in Attachment B. Attachment B is an estimate and final costs will be determined upon project completion. The County shall do the calling for all bids and the acceptance of all bid proposals and shall enter into a construction contract as the "owner" for purposes of the project.

B. Inspection and Approval

The County shall provide construction inspection and staking for the Project and approval for acceptance of the work as it is completed. The County shall also be available to inspect said work and notify the City of any concerns that arise during or after the completion of the Project. Approval of the completed construction shall be completed by the County and the City.

III. COSTS

A. Project Costs

The project costs identified in this agreement are based upon current estimates. Attachment B identifies the agreed upon cost share quantities and estimated costs. Actual final costs for each agency will be determined by actual final quantities.

B. SUMMARY OF ESTIMATED COSTS - The estimated construction and engineering costs of the projects are shown in Attachment B and are summarized as follows:

Total Estimated Construction Costs	\$2,588.857.84
Estimated City Construction Costs	\$84,293.91
Estimated City Engineering Costs	\$8,429.39
Total Estimated City Costs	\$92,723.30

IV. TERM

This Agreement shall continue until terminated as provided hereinafter.

V. DISBURSEMENT OF FUNDS

All funds disbursed by the County or City pursuant to this Agreement shall be disbursed pursuant to law. Upon project completion, a final cost accounting will be performed totaling costs related to the Project. An invoice will be prepared by the County and submitted to the City. The City shall reimburse the County within 30 days of receipt of invoice.

VI. CONTRACTS AND PURCHASES

All contracts let and purchases made pursuant to this Agreement shall be made by the County in conformity with State law.

VII. ACCOUNTABILITY

An accounting shall be made of all receipts and disbursements upon request by either party.

VIII. TERMINATION

This Agreement shall terminate upon completion of all obligations of the parties under this Agreement. This Agreement may be terminated prior to completion by either party only for breach of this Agreement or by mutual consent of the parties.

X. NOTICE

For purposes of deliver of any notices hereunder, the notice shall be effective if delivered to the Office of the Crow Wing County Highway Department, 16589 CR 142, Brainerd, MN 56401, on behalf of the County, and the City of Crosslake, 37028 County Road 66, Crosslake, MN, on behalf of the City.

XI. INDEMNIFICATION

To the extent allowed by law, the County and the City mutually agree to indemnify and hold harmless each other from any claims, losses, costs, expenses or damages resulting from the acts or omissions of the respective officers, agents, or employees relating to activities conducted by either party under this Agreement.

XII. ENTIRE AGREEMENT

It is understood and agreed that the entire agreement of the parties is contained herein and that this Agreement supersedes all oral agreements and all negotiations between the parties relating to the subject matter hereof, as well as any previous agreement presently in effect between the parties to the subject matter hereof. Any alterations, variations, or modifications of the provisions of this Agreement shall be valid only when they have been reduced to writing and duly signed by the parties.

IN WITNESS WHEREOF, the parties of this Agreement have hereunto set their hands on the dates written below:

MEMO TO:	City Council
FROM: MAR	Mike Lyonais – City Administrator
DATE:	April 11, 2022
SUBJECT:	Funding Recommendation for Balance of Land Purchase - Sewer

At last month's Regular Council meeting, Council directed staff to reduce the Public Works capital budget by \$110,000 and transfer that amount from the General Fund to the Sewer Fund to pay in part for the purchase of land in the amount of \$175,000 for the Sewer Fund. Staff to recommend a plan to pay for the balance of the land at the April 11th meeting. (Skid Steer and Blower were removed from the 2022 Budget.)

Recommendation:

Transfer the balance of the skid steer and blower attachment budget in the amount of \$2,000 along with \$63,000 from the General Fund Unreserved, Undesignated Funds from the General Fund to the Sewer Fund to pay for the balance of the Land Purchase.

	Where	Bu	dgeted:
	General Fund		Sewer Fund
Purchase Price of Land	\$-		\$ 175,000
Items Removed from 2022 Budget:			
2022 Skid Steer Budget	80,000		-
2022 Blower Attachment Budget	32,000		-
3/14/2022 Council Direction: Move \$110,000 From Public Works Capital Outlay from the Skid Steer and Blower and use that towards the Land Purchase.	(110,000)		(110,000)
Subtotal	2,000		65,000
Recommendation: Reduce PW Budget and Transfer to Sewer Fund Subtotal	(2,000) -		(2,000) 63,000
Transfer Dollars from Unassigned General Fund Balance to Sewer Fund	N/A		_ (63,000)
Remainder	\$-		\$-

OFFICE: 218/692-2222 • FAX 218/692-3076

Memorandum

Date: April 4, 2022

From: Erik Lee

Subject: Squad/Body Camera Purchase

Mayor/City Council,

Please find the attached quote with a trade-in discount of \$3,402.00 for the cameras we purchased in January 2020. We also have a \$2,970 credit with Motorola Solutions which would bring down the overall cost of the contract \$6,372.00. The Contract without the credits is \$69,540.00. Included with this contract is six new squad cameras and twelve body worn cameras. Six body cameras are replaced after 2 $\frac{1}{2}$ years. The costs include all maintenance, warranty, and Cloud Storage.

As of right now, one of our squad cameras is down. We can not interchange them between squads. The squad cameras were purchased in 2014 and are due for replacement. Squad cameras are one of the most important tools that we have.

This was a 2021 budget item and has been carried over to 2022. The Public Safety Commission unanimously recommended this purchase at the February 2, 2022 meeting.

Respectfully,

Erik Lee Police Chief

REQUEST FOR COUNCIL ACTION

April 6, 2022

Department: Parks & Recreation

Agenda Section: Commission Reports

Department Head: TJ Graumann

Agenda Item: Used Playground Equipment

BACKGROUND

Last year, staff met with representatives from the City of Fifty Lakes who showed interest in our existing playground equipment that will be replaced this spring. They are in the process of updating/expanding their park. If approved, a Purchase Agreement for Sale of Used Equipment should be signed between both parties.

FINANCIAL IMPLICATIONS

None.

RECOMMENDATION

The Parks, Recreation and Library Commission recommends that City Council gift the used equipment to the City of Fifty Lakes with the understanding that they will be responsible for removal and transportation of the equipment.

COUNCIL ACTION REQUESTED

Motion to gift the used playground equipment to the City of Fifty Lakes with the understanding that they will be responsible for removal and transportation of the equipment.

ATTACHMENT

Purchase Agreement for Sale of Used Equipment

City of ______, Minnesota Purchase Agreement for Sale of Used Equipment, Waiver and Liability Release

THIS PURCHASE AGREEMENT FOR SALE OF USED EQUIPMENT, WAIVER AND LIABILITY RELEASE (the Agreement) is entered into by and between the City of ______, Minnesota (the City) and ______ (the Buyer).

- <u>Sale of Equipment</u>. The City hereby sells to Buyer the following described used equipment (the Equipment): ______. The City warrants that it owns the Equipment free and clear of any encumbrances and is authorized to sell such Equipment.
- 2. <u>Purchase Price</u>. The Buyer shall pay the Seller \$______ for the Equipment.
- 3. <u>Inspection</u>. The Buyer has been invited and advised to inspect the Equipment prior to purchase. The Equipment was made available for inspection prior to purchase. The City further advises the Buyer to inspect the Equipment prior to use.
- 4. <u>Removal and Transportation of Equipment</u>. The Buyer is solely responsible for the removal and transportation of the Equipment to the Buyer's location. The Buyer is responsible for arranging and paying for all packing, loading, shipping and any associated fees.
- 5. <u>Warranty</u>. The Buyer understands that the Equipment is used and is being sold "as is." The Buyer acknowledges that the City does not guarantee the condition of the Equipment in any fashion. The City makes no representations or warranty with respect to the Equipment or that it is fit for any particular purpose.
- 6. <u>Waiver and Assumption of Risk</u>. The Buyer assumes all risks and liabilities related to the possession and use of the Equipment. The Buyer waives all claims against the City related to the possession and use of the Equipment. This waiver does not waive liability for any injuries that result from the willful, wanton or intentional misconduct of the City or any person acting on behalf of the City.
- 7. <u>Indemnification</u>. To the fullest extent permitted by law, the Buyer agrees to defend, indemnify and hold harmless the City, and its employees, officials, and agents from and against all claims, actions, damages, losses and expenses, including reasonable attorney fees, arising out of the Buyer's possession and use of the equipment including all claims brought by third parties for bodily injury and property damage.
- 8. <u>Entire Agreement</u>. This Agreement supersedes any prior or contemporaneous representations or agreements, whether written or oral, between the Parties and contains the entire agreement.

9. <u>Savings Clause</u>. If any court finds any portion of this Agreement to be contrary to law, invalid, or unenforceable, the remainder of the Agreement will remain in full force and effect.

IN WITNESS WHEREOF, the Parties, have caused this Agreement to be approved on the date noted below,

City of _____, Minnesota

Department: Parks & Recreation

Agenda Section: Commission Reports

Department Head: TJ Graumann

Agenda Item: Pavilion Improvements

BACKGROUND

It has been identified that the Lions Picnic Pavilion is in need of some improvements – the biggest one being the concrete floor. We have received numerous feedback that the floor is always dirty. The floor is not dirty, but rather it is stained and starting to pit. Surfacing the floor will make a big difference structurally and aesthetically.

FINANCIAL IMPLICATIONS

\$14,019.00 – Assigned Fund Balance, Park Dedication Fees

STAFF RECOMMENDATIONS

Staff recommends that City Council approve the estimate from Erlandson Epoxy Floor Coating to epoxy the floor of the Lions Picnic Pavilion.

COUNCIL ACTION REQUESTED

Motion to approve the estimate from Erlandson Epoxy Floor Coating for a total of \$14,019.00.

ATTACHMENT

REQUEST FOR COUNCIL ACTION

April 6, 2022

Department: Parks, Recreation

Agenda Section: Commission Reports

Department Head: TJ Graumann

Agenda Item: South Bay Park Draft Management Plan

BACKGROUND

After working on a draft plan for the last 20+ years, the Parks Department and the Parks, Recreation and Library Commission are finally ready to move forward with development of South Bay Park. If approved, the plan will be submitted to the CORP of Engineers for their consideration.

FINANCIAL IMPLICATIONS

\$22,632.84* (2022-2027) Park/Rec Capex, Park Dedication

RECOMMENDATION

The Parks, Recreation and Library Commission recommends that City Council approve the Draft Management Plan as submitted and to pursue Option B to complete the Phase I Archaeological Survey.

COUNCIL ACTION REQUESTED

Motion to approve the Draft Management Plan as submitted and to pursue Option B to complete the Phase I Archaeological Survey.

ATTACHMENTS

- 1. Draft Management Plan
- 2. Phase I Archaeological Proposal (Option A & B)

<u>SCOPE OF WORK</u>: PHASE I ARCHAEOLOGICAL SURVEY FOR THE SOUTH BAY PARK EXPANSION, CROSSLAKE, CROW WING COUNTY, MINNESOTA

I. FIRM NAME Duluth Archaeology Center, L.L.C. 5910 Fremont St. Suite 1, Duluth MN 55807

Dr. Susan Mulholland (president) tel: 218/624-5489, fax: 218/249-0765, email: archcenter @ aol.com

II. PROJECT OBJECTIVES

The objective of this proposal is to conduct a Phase I archaeological survey for the South Bay Park Expansion in Crosslake, Crow Wing County, Minnesota. The Area of Potential Effects (APE) will depend on input from the Army Corps of Engineers (ACE) who is the land owner; two options are proposed based on different components of the project. Option A includes the Main Park Area (1.5 acres) and the existing Parking/Park entrance (0.3 acres) for a total of 1.8 acres. Option B includes those two components plus the proposed entry road (2 acres) and the Dock area (0.1 acre) to total 3.9 acres. Phase I archaeological survey will provide field survey of the APE to OSA/SHPO standards (Anfinson 2011). Previously disturbed, steeply sloping, and water saturated areas do not require survey; the APE will be surveyed by pedestrian walkover using shovel testing on appropriate terrain (flatter/drier terrain). The survey will be reported to SHPO standards (Anfinson 2011) and include all results as well as recommendations for any additional investigations.

III. WORK PLAN

Contractor will complete the following tasks:

- <u>Task 1: Administration</u>

Contractor will conduct accounting and record keeping; conduct prefield activities, including literature review through SHPO/OSA offices; obtain Archaeological Resource Protection Act permit (required for Federal lands); request Gopher State One-Call locate of underground utilities if needed.

<u>Task 2: Phase I Archaeological Survey</u>
 Contractor will conduct archaeological survey of the selected APE (A or B) using pedestrian walkover with shovel testing as appropriate to terrain and other factors.

<u>Task 3: Laboratory and Reporting</u> Contractor will conduct laboratory cleaning/analysis of any recovered artifacts and prepare maps and state site forms. Contractor will prepare a report on the results of the Phase I survey, including any site form(s), and discuss all activities, results, and recommendations regarding any further recommended archaeological investigations.

Project Schedule

Contractor will start work after written authorization from the client and receipt of the ARPA permit. A total of 1 to 2 days is required for the two field options. Survey can be conducted in spring or summer 2022 after the ACE input is received. Reporting will depend on the results of the survey, requiring a minimum of 3-4 weeks if no sites are recorded and possibly up to 5-6 weeks if sites are found (to allow for assignment of state site numbers).

<u>Curation</u>

Artifacts recovered from public lands are under the jurisdiction of the respective land managing agency. Artifacts collected from land under the ACE St. Paul District will be curated at the University of Wisconsin-Madison.

IV. BUDGET

The budgets are prepared on separate sheets. Budgets are not to exceed quotes; expenses will be charged as incurred. Estimated curation costs are included separately. NOTE: If human remains or indications of burials are identified, additional time and funds may be required for notification and consultation with agencies (Anfinson 2008) under the Private Cemeteries Act (MnST 307.08).

V. PERSONNEL

- Dr. Susan Mulholland: principal investigator, project supervisor

- Jennifer Shafer: graphics supervisor, accountant

SOUTH BAY PARK MANAGEMENT PLAN

Crosslake Parks and Recreation Crosslake, Minnesota

Introduction

Mission Statement

The mission of the Crosslake Parks & Recreation Department is to provide recreational services that promote the health of our citizens, the environment, the economy and the quality of life in our community.

Property Classification

South Bay Property is classified as low-density. *Low-Density Recreation* means minimal development or infrastructure that supports passive public recreation use (e.g., walking, snowshoeing, fishing, swimming, picnicking, wildlife viewing and cross-country skiing).

Property History

- Leased to the Village of Crosslake on May 28, 1974, through April 30, 1984.
- Lease was extended on September 18, 1986, through April 30, 1987.
- Lease was extended on May 1987 through April 30, 2012.
- Lease was extended on October 8, 2004, through April 30, 2037. The lease was
 extended to allow adequate time to create a better access road to the leased
 property.
- Perkins Road construction was completed in September of 2020 creating a better access to the leased property.

Common Species

<u>Animal</u>: beaver, white-tailed deer, fox, rabbits, black bears, brown bats, squirrels, robins, finches, woodpeckers, grosbeaks, sparrows, cardinals and warblers.

Tree: aspen, birch, oak and jack pine.

Undergrowth: dogwoods, alders, hazelnut and raspberries.

Aquatic: cattails, lilies and willows.

Management

Management Guidelines

Management Guidelines have been established to direct the Crosslake Parks and Recreation Department as it administers and maintains premises in accordance with the U.S. Army Corp of Engineer's Master Plan and promotes proper management and development of the leased property.

Annual Management Program

It shall be required to submit the following to the U.S. Corp of Engineers annually.

- Plans for management activities.
- A budget for carrying out the management activities.
- A list of personnel to be used in managing the property.
- Statement of receipts and expenditures for operations.
- Certificate of insurance.
- Certification that water and sanitary systems meet all local, state and federal laws.
- Hazard Tree Cutting Accounting spreadsheet.
- A list of herbicides & pesticides to be used on the property

Surveillance

The location and layout of the property present challenges as far as monitoring the park outside of staffed hours. To ensure the park is safe and free of vandalism or horseplay, two cameras must be installed and their footage reviewed on a regular basis.

Prohibited Structure(s)

The Park must be developed with the intent to encourage responsible use and protection of the natural environment. To protect the natural environment, the shoreline must not be modified by structures such as boat ramps.

Park Maintenance

To ensure a clean, safe and enjoyable space, staff will regularly check on the park. Staff will complete tasks associated with maintenance and care of the property including but not limited to mowing, spin-trimming, debris clearing, reviewing security, garbage removal, etc.

Park Rules

- 1. Hours: 7:00 am. to 10:00 pm.
- 2. No person shall disturb, destroy, damage, or remove any property within the park including, but not limited to, vegetation, ruins, wildlife, geological formations, signs or facilities.
- 3. Dogs must be kept on leash and dog waste must be properly disposed.
- 4. No ATV's or Snowmobiles
- 5. No Hunting or Trapping
- 6. No littering
- 7. No alcohol or drugs
- 8. No glass containers
- 9. Fires are prohibited.

Recreation Management Objectives

- 1. Provide appropriate and compatible recreational uses through trails, and other recreational developments.
- 2. Provide safe and enjoyable recreational experiences managed through appropriate rules and regulations.
- 3. Preserve the scenic beauty and non-commercial atmosphere of the area.
- 4. Provide the highest level of access practicable for persons with disabilities.
- 5. Provide a broad selection of outdoor recreation opportunities in a pleasing natural setting which may be used by large numbers of people. These opportunities include hiking, swimming, bird watching, picnicking, snowshoeing cross country skiing, etc.

Development

Develop the park in a way that supports low density recreation. Focus planning efforts around passive recreation opportunities. Passive recreation areas are generally an undeveloped space or environmentally sensitive area that requires minimal development. Passive recreation may be defined as a non-motorized activity that offers positive and pleasurable human benefits and fosters appreciation and understanding of open space and its purpose.

Short-term Development Plan

The park will be planned and developed in increments of one to five years, so as to accommodate changes in recreation and leisure priorities as well as in finances. The Short-term Improvement Plan will be reviewed annually by the City and U.S. Army District Engineer and may be amended as necessary. The Conceptual Site Plan will be updated regularly to reflect the Short-term Development Plan.

Short-term Development Plan South Bay Park 2022 - 2027

Item	Description	<u>Quantity</u>	Price Per	<u>Total Cost</u>
Survey	Phase I Archaeological Survey	1	\$6,142.84	\$6,142.84

Development Breakdown

The Development Breakdown has been established to communicate specific details of each park amenity, how they will be transported to their destination and how they will be installed/constructed.

Development Breakdown 2022 – 2027

Picnic Tables

<u>Description</u>: Steel frame with injection molded, ribbed and reinforced 48" tabletop and seats. Footprint dimensions are 78.25" l x 78.25" w x 32.25" h. Seats 8 people. Color: Tabletop & Chairs – Green, Frame – Black

<u>Transportation</u>: City Staff will use the walking trail to transport the tables with a maintenance vehicle.

<u>Installation</u>: There are two mounting options, surface and inground. We will surface mount the tables on top of the concrete slabs.

ADA Picnic Table

<u>Description</u>: Steel frame with injection molded, ribbed and reinforced 48" tabletop and seats. Footprint dimensions are 78.25" l x 78.25" w x 32.25" h. Seats 6 people with an open side for a wheelchair.

Color: Tabletop & Chairs – Green, Frame – Black

<u>Transportation</u>: City Staff will use the walking trail to transport the table with a maintenance vehicle.

<u>Installation</u>: There are two mounting options, surface and inground. We will surface mount the table on top of the concrete slab.

Concrete Slab for Tables

<u>Description</u>: To create a base for the picnic tables, three 8' x 8' x 4" slabs will be poured. In total, it will take 2.5 cubic yards to pour all three slabs.

<u>Transportation</u>: City Staff will use the walking trail to transport the mixed sakrete from the parking lot to the slab site with machinery.

<u>Installation</u>: City Staff will build the frame and rebar grid for each slab, pour it and finish it. If necessary, a floating slab could be installed so as to not disrupt the soil.

Bike Rack

<u>Description</u>: Heavy-gauge steel, powder-coated finish, 60" double sided bike rack. This specific bike rack fts up to 10 bikes weighs 62lbs. Color: Black

<u>Transportation</u>: City Staff will use the walking trail to transport the bike rack with a maintenance vehicle.

<u>Installation</u>: City Staff will use loose fill/black dirt to ensure a flat surface for the rack. This rack is free floating.

Trash Receptacles

<u>Description</u>: Maintenance free, commercial grade trash receptacle. Slats are made from recycled plastic eliminating the chance of warping or peeling. The capacity is 32 gallons. <u>Color</u>: Slats – Green, Frame/Mount – Black

<u>Transportation</u>: City Staff will use the walking trail to transport each receptacle with a maintenance vehicle.

<u>Installation</u>: City Staff will install each receptacle with an inground post mount kit. The benefit of mounting the receptacles rather than surface mount include security and easy to mow/trim around. The 2" post is installed 18" inground and 6" above ground. If necessary, a floating slab could be installed so as to not disrupt the soil.

Pet Waste System

<u>Description</u>: This provides park users the ability to clean up after their pets in an efficient manner. It offers a trash receptacle and bag dispenser. <u>Color</u>: Green

<u>Transportation</u>: City Staff will use the walking trail to transport this system with a maintenance vehicle.

<u>Installation</u>: City Staff will drive a steel u-channel post into the ground. From there, staff will attach the waste receptacle, bag dispenser and sign to the post.

Surveillance Cameras

<u>Description</u>: Wireless 4G LTE Cellular Game Trail Camera with 100ft Night Vision. <u>Color</u>: Camouflage

Transportation: City Staff will use the walking trail to transport each camera to its destination.

Installation: City Staff will install each camera to a tree out of reach from the public.

Park Sign

Description: A sign with the title of the park, QR code for park information and park rules.

Transportation: N/A

<u>Installation</u>: City Staff will install two 4" x 4" posts in the ground which will be used to secure the sign.

Grills

<u>Description</u>: 250 sq. in. multilevel grill that swivels 360°. <u>Color</u>: Black

<u>Transportation</u>: City Staff will use the walking trail to transport each grill with a maintenance vehicle.

<u>Installation</u>: City Staff will install each grill by pouring a 36" L x 12" W footing. Staff will sink the grill post 14" into the footing. The concrete will be mixed and poured on site.

Ash Receptacle

<u>Description</u>: This receptacle will be placed near the grills for easy disposal of used charcoal. This receptacle houses a 32-gallon galvanized trash receptacle. Color: Black

<u>Transportation</u>: City Staff will use the walking trail to transport the ash receptacle with a maintenance vehicle.

<u>Installation</u>: City Staff will install a $25'' L \times 25'' W 4''$ slab. Staff will use the slab to surface mount the receptacle. If necessary, a floating slab could be installed so as to not disrupt the soil. The sakrete will be mixed and poured on site.

People Counter

<u>Description</u>: This is a passive infrared sensor to track park usage. This system detects system the infrared radiation of passerby precisely enough to count people following each other closely. Data can be collected from the sensor and be transferred to a computer for data storage. Color: Black

Transportation: N/A

<u>Installation</u>: City Staff will install the counter on a pole or a tree nearby the entrance of the park.

Concrete Cornhole Boards

<u>Description</u>: These are pre-cast concrete cornhole boards with a smooth playing surface. Thrower blocks are available to install next to the boards so players have a spot to stand off of the turf.

Color: Gray

<u>Transportation</u>: City Staff will use the walking trail transport the boards and blocks using a maintenance vehicle. Since it is all pre-cast, concrete will not have to be poured.

<u>Installation</u>: City Staff will prep the site using a shovel and rake to cut out sections of turf and rake it to grade. Since all components are pre-cast concrete, concrete will not have to be poured.

Swimming Beach

<u>Description</u>: There is currently a small natural beach located SW of the property. To enhance that location by accommodating more beach users – we intend to widen and lengthen the size of the beach. The beach will be expanded to 70' x 20'. Buoys will be placed at an appropriate distance from shore to keep the swimmers safe from boat traffic.

<u>Transportation</u>: City Staff will remove excess raw fill from the site and use the walking trail to deliver the new sand with a maintenance vehicle.

<u>Installation</u>: City Staff will use a skid steer and mini excavator to widen the beach, and use the same equipment to disperse the new screened sand. Approximately 25 cubic yards of sand is needed.

Potential Future Amenities Development Breakdown 2028 – 2033

Additional Parking Lot & Entry Road

<u>Description</u>: Depending on park usage and other possible amenity upgrades, an additional parking lot and entry road may be needed. The entry road would start from the existing parking lot and meander SW towards the beach area. The entry road would then connect to the parking lot. The potential future parking lot would make the park more accessible for guests of the park. The entry road would also provide an avenue for future development which will be discussed more below.

Transportation: N/A

<u>Installation</u>: If pursued, City Staff will consult with engineers to develop a grading and paving plan. Grading and paving would be contracted out.

Public Restroom Facility

<u>Description</u>: Depending on park usage and community feedback, a vault restroom facility may be needed. Also, as described above, the entry road would allow this restroom to be located closer to the core amenities of the park and would serve as a service road for the restroom to be cleaned and pumped.

<u>Transportation</u>: A contracted company would use the entry road to transport the vault restroom.

<u>Installation</u>: A contracted company would install the vault restroom. Removal of soil would be necessary for this facility.

Pavilion

<u>Description</u>: Depending on park usage and community feedback, a pavilion may be needed. This pavilion would be positioned near the picnic tables and grills. This space would create opportunities for park users to hold reunions, birthday parties, etc. Approximate size of the pavilion would be 20' x 20'.

Transportation: City Staff or a contracted business would use the entry road to haul materials.

<u>Installation</u>: City Staff or the contracted business would pour the concrete slab and build/secure the pavilion to the slab. If necessary, a floating slab could be installed so as to not disrupt the soil.

Playground

<u>Description</u>: Depending on park usage and community feedback, a playground may be needed. This playground would consist of a play system inclusive for 2-12 year-olds, swing set and a standalone component.

<u>Transportation</u>: City Staff would use the entry road transport the equipment using a maintenance vehicle and trailer.

<u>Installation</u>: City staff, volunteers and a playground company would perform a community build to complete the installation. Concrete footings would be needed to secure the playground.

Boat Dock

<u>Description</u>: Depending on park usage and community interest, a boat dock might be considered.

<u>Transportation</u>: City Staff would use the entry road to transport the equipment using a maintenance vehicle and trailer.

Installation: If pursued, City Staff would install the dock.

Potential Ongoing Amenity 2022 - Beyond

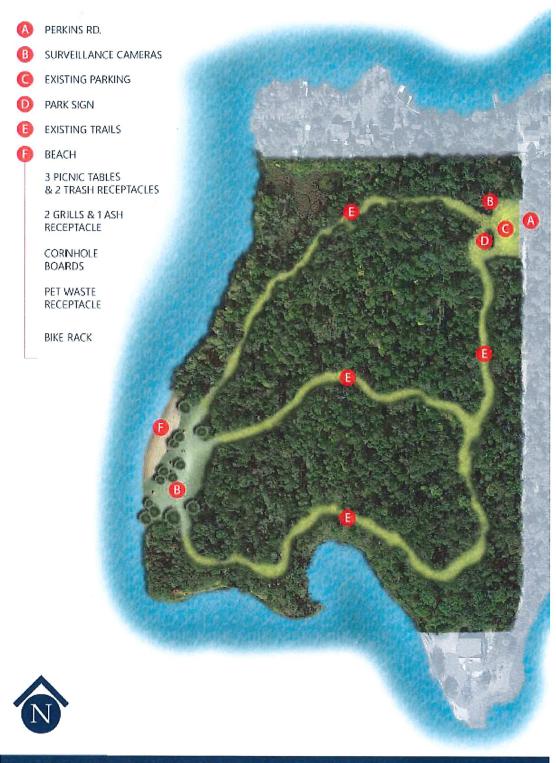

Memorial Benches

<u>Description</u>: The City of Crosslake currently has more than 20 donated memorial benches throughout town. These benches are located alongside trails, in the Pinewood Cemetery and within the park by the community center. Future donors may want their memorial bench to be placed somewhere within South Bay Park. Some ideas include in the parking area, along the trail system or down by the beach overlooking Cross Lake.

<u>Transportation</u>: City Staff will use the walking trail or the entry road to transport the mixed sakrete from the parking lot to the bench site with machinery.

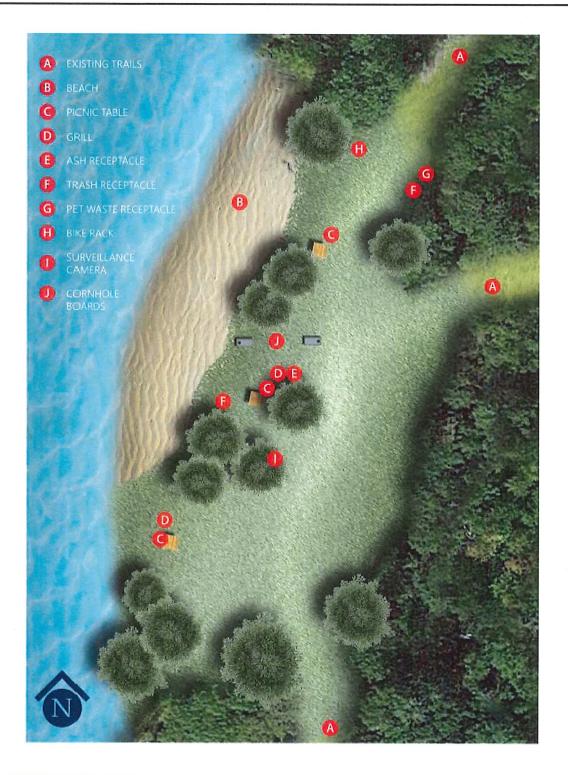

<u>Installation</u>: City Staff will build the frame for the slab, pour it and finish it. If necessary, a floating slab could be installed so as to not disrupt the soil.

Crosslake Public Works

Memo

То:	City Council
From:	Ted Strand
cc:	
Date:	3/30/22
Re:	Surplus

At this time Public Works has three items for surplus tiger fail mower, ford three point snow blower and brush hog finish mower. There isn't a lot of value in any thing you could just scrap it for the steel value. Or set minimum at 200.00\$ each.

Ted Strand

Proposal to the City of Crosslake, I was asked to come up with some kind of agreement between myself (Ted Strand) and City of Crosslake. I propose a 250.00\$ a month retainer for up to 3 hours a month of my time, and any thing over would be at 75.00\$ per hour. Time would 8 am to 6 pm. If I would need to travel for whatever mileage expense would be covered.

Ted Strand

3/40/22

CITY OF CROSSLAKE AND IDEAL TOWNSHIP COUNTY OF CROW WING STATE OF MINNESOTA

F. 3. C.

PUBLIC WORKS SERVICES JOINT POWERS AGREEMENT

This Agreement is made between the City of Crosslake ("Crosslake") and Ideal Township ("Ideal"),

WHEREAS, Ideal and Crosslake desire to obtain certain public works services from each governmental unit; and

WHEREAS, Ideal and Crosslake agree to furnish road maintenance and repair services for West Shore Drive, Echo Bay, Harbor Lane, Silver Peak Road, Milinda Shores Road, Jason Lane, and Staley Lane on the terms and conditions set forth herein;

NOW THEREFORE, it is agreed as follows:

L

- I. **EFFECTIVE DATE:** This Agreement is made this <u>21</u>st day of <u>March</u> 2022, and is effective upon adoption and execution by Crosslake and Ideal.
- II. **PURPOSE:** The purpose of this Agreement is to provide the basis for and outline the terms and conditions upon which Crosslake and Ideal will exercise public works services within the boundaries of the City and Township. Crosslake and Ideal hereby agree to provide public works services for each entity and hereby engage each entity to provide such service in accordance with and subject to the terms of this agreement.
- III. LEGAL BASIS: This Agreement is made pursuant to Minnesota Statutes Section 471.59. Further, neither party waives its tort liability limits under Chapter 466 of the Minnesota Statutes.
- IV. ADMINISTRATION AND SERVICES: The administration of public works services under this Agreement shall be the sole responsibility of the appropriate officials of the City and Township. It is further agreed that the Ideal Board Chairman or his or her designee, shall confer with the Crosslake Mayor or his or her designee, when requested by either party, on any matter relating to public works services being provided pursuant to this Agreement.
- V. **PERSONNEL POLICIES AND FRINGE BENEFITS**: All personnel used in providing public works service under this Agreement shall be and remain employees of each governmental unit.

VI. TERM OF AGREEMENT: This Agreement shall be effective as of January 1, 2022 and shall continue to December 31, 2026. This Agreement shall be in effect as determined above unless terminated by either party. Termination of the Agreement by either party shall be effective by serving the other party with a written notice of termination not less than ninety (90) days prior to the date of termination of the Agreement. Either party, at its option, may terminate the Agreement as set forth above if the other party fails to comply with the terms and conditions of this Agreement. The parties also agree that this Agreement may be renewed on an annual basis upon agreement of both parties. Renewal of the Agreement may be by written resolution of both parties prior to expiration of the Agreement term.

VII. ASSUMPTION OF LIABILITY:

- 1. Crosslake agrees to assume all liability for Crosslake's personnel arising out of public works services performed pursuant to this Agreement and Ideal agrees to assume all liability for Ideal personnel arising out of services performed pursuant to this Agreement.
- 2. Each party agrees that the acts of its employees and agents for any activity other than public works services identified herein shall be its responsibility and each party indemnifies the other from any claims arising out of non-public works activities caused by each party.
- 3. Crosslake shall not be deemed to assume any liability for intentional misconduct of Ideal Township personnel or any agent or employee thereof. Ideal Township shall defend Crosslake, its officers, employees, and agents against, indemnify and hold Crosslake harmless from any claim for damages resulting from the performance of the services by Ideal Township under this Agreement.
- 4. Ideal shall not be deemed to assume any liability for intentional misconduct of Crosslake's personnel or any agent or employee thereof. Crosslake shall defend Ideal, its officers, employees, and agents against, indemnify and hold Ideal harmless from any claim for damages resulting from the performance of the services by Crosslake under this Agreement.
- 5. Crosslake and Ideal shall maintain comprehensive municipal liability coverage and automobile liability coverage in an amount equal to or greater than the maximum liability applicable to municipalities under Minnesota Statutes, Section 466.04, subd. 1., as amended. Crosslake and Ideal shall add the other party as an additional insured to its liability coverage for claims that may arise under this agreement Crosslake and Ideal shall also maintain workers' compensation insurance on their employees performing services under this agreement.

- 6. Under no circumstances shall a party be required to pay on behalf of itself and the other party any amounts in excess of the limits on liability established in Minnesota Statutes, Chapter 466 applicable to any one party. The limits of liability for the parties may not be added together to determine the maximum amount of liability for any party.
- 7. Ideal/Crosslake shall be responsible for repairing any mailboxes that are hit by the snowplow provided they comply with Minnesota Rules Chapter 8818 and are properly installed as shown in Minnesota Standard Plate No. 9350A. Mailboxes that are damaged as a result of the snow thrown from the snowplow shall not be the responsibility of Ideal or Crosslake.

VIII. SCOPE AND DESCRIPTION OF SERVICES:

BY CITY OF CROSSLAKE

West Shore Drive (.7 miles)	Summer and Winter
we do not the second seco	Summer and Winter
Harbor Lane (.3 miles)	Summer and Winter
Milinda Shores Road (.4 miles)	Summer and Winter

BY IDEAL TOWNSHIP

Silver Peak Road (.2 miles)	Summer and Winter
Jason Lane (.1 miles)	
Staley Lane (.3 miles)	Summer and Winter

MAINTENANCE RESPONSIBILITIES

- 1. <u>Winter Maintenance</u>: Plowing and sanding
- 2. <u>Summer Maintenance</u>: Mowing and minor pothole repairs
- 3. <u>Materials:</u> Materials put on line roads will be a cost-share project. Any materials put on a line-share road must be done with the approval of both the City Council and the Township Board. If approval is not given, cost-share materials can be denied.
- 4. <u>Minor Repairs:</u> Minor pot holes or shouldering repairs to be done by each perspective entity.

- 5. <u>**Repairs:**</u> Road surface and shoulders will be done by joint agreement for entire roadway with costs split in proportion to road ownership.
- 6. <u>**Tree Removal:**</u> Removing trees from the road right-of-way as needed to avoid interference with travel, maintenance, or safety will be the responsibility of the entity who owns the road on that portion in which the trees are located.

IN WITNESS THEREOF, the parties hereto have executed this agreement the day first above written.

MEMO TO: City Council

FROM: Public Works Commission

DATE: April 5, 2022

SUBJECT: Recommendations from PW Meeting of 4/4/22

The Public Works Commission met on April 4, 2022. The Commission voted unanimously to recommend that the City Council approve the following items (quotes attached):

F. 3. d.

- 1.) Approve Quote from Kamco for Mastic and Crack Sealing in the Amount of \$50,000. (Motion)
- 2.) Approve Estimate from Trana Masonry for 30'x80' cement garage slab in Sewer Oxidation Building in the Amount of \$12,462.50. (Motion)

The Commission also recommended that the 2022 Road Improvement Projects be awarded to lowest bidder Anderson Brothers. This will be a separate line item on the agenda.

March 29, 2022

Mike Lyonais, Crosslake City Administrator 13888 Daggett Bay Road Crosslake, MN 56442

RE: 2022 City Road Improvement Project – Bid Recommendation

Dear Mike:

Bids were opened on March 22, 2022, at 10:00 a.m. for the 2022 City Road Improvement Project in the City of Crosslake. Two (2) bids were received from the companies listed below (see Bid Abstract).

Company	Bid Amount
Anderson Brothers Construction Co.	\$661,525.65
Knife River Corporation	\$772,600.95
Engineer's Estimate	\$719,392.50

Bolton & Menk and the City are familiar with Anderson Brothers Construction Company, from other similar work. As a result, we believe Anderson Brothers Construction Company to be the low responsive, responsible bidder. We recommend award to Anderson Brothers Construction Company in the amount of \$661,525.65.

Based on the City's assessment policy, the City can schedule the Final Assessment Hearing now, prior to actual award of the low bid, or award the low bid and hold the Final Assessment Hearing at a later date. The assessment to property owners is independent of the actual construction cost.

Based on our understanding of the proposed improvements we recommend the City award to the low bidder and proceed with scheduling the final assessment hearing.

If you have any questions, please contact me at 218-821-7265.

Sincerely, Bolton & Menk, Inc.

D

Phil Martin, PE Principal Engineer

Mike Lyonais, City Administrator City of Crosslake 13888 Daggett Bay Road Crosslake, MN 56442

RE: Request for Engineering Services Fee Approval – Assessment and Construction Services 2022 City Road Improvements

Dear Mike:

As you are aware the City received construction bids for the 2022 City Road Improvements Project, and we are recommending award of the bid to Anderson Brothers. We anticipate the City Council will consider our recommendation at their April 11, 2022 regular meeting.

To date, Bolton & Menk has been retained up to engineering design (refer to attached proposal from April 30, 2021). However, we have not retained to complete anything beyond that even though we did proceed at Council direction with the public bid process and have made a recommendation.

We are requesting Council consideration and approval of our proposal to provide services associated with bidding, recommendation and award, construction survey and observation, and final assessment proceedings as follows:

- Public Bid, Award, Contract Preparation March/April 2022
- Final Assessment and Public Hearing Tentative Schedule to complete in June 2022
 - Prepare final assessment role. Conduct public hearing to obtain input. Create a final assessment role since none has been created to date and prepare property assessment sheets for City's use.
- Construction Survey and Observation Summer 2022 (35 working days and/or substantial completion by October 1, 2022)
 - Administer contract on behalf of the City of Crosslake, provide construction staking, construction observation, provide updates and address resident questions, facilitate testing services, prepare payment recommendations for City approval, create record drawing of improvements upon completion.

Assumptions:

The following assumptions are incorporated into this request:

• Bolton & Menk would facilitate one final assessment hearing.

Name: Mike Lyonais Date: April 1, 2022 Page: 2

- The cost associated with acquisition of an easement for stormwater on Birch Narrows Road <u>is not included in our fee estimate</u>. Bolton & Menk would assist the City staff negotiate an easement for stormwater management on Birch Narrows Road on an as needed, as directed hourly basis.
- A construction period of 35 working days (approximately 1 1/2 calendar months) is provided per bid documents. We anticipate providing a combination of full time and part time observation on behalf of the City for 30 construction days.

Fee:

Project fees will be billed based on our current company fee schedule for actual hours worked. Our estimated fees, based on the anticipated construction timeframe, are as follows:

Task	Fee			
Public Bid, Award, Contract Preparation	\$ 4,308			
Final Assessment and Public Hearing	\$ 4,188			
Contract Administration, Construction Staking, Observation, Record Drawings	\$ 69,239			
Total	\$ 77,735			
Bolton & Menk would utilize a private testing firm for construction related QA/QC.				
Construction testing fees are not included in our fee estimate and would be retained with City input and directly				
billed to the City. For budget purposes, we assume a testing budget of \$2,500.				

Please feel free to contact me at 218-821-7265 or via email at Phillip.Martin@bolton-menk.com if you have any questions regarding our request for fee approval.

Respectfully submitted, Bolton & Menk, Inc.

eme

Phillip M. Martin, P.E. Principal Engineer

April 30, 2021

Ted Strand, Public Works Director City of Crosslake 37028 County Road 66 Crosslake, MN 56442

RE: Proposal for Professional Engineering Services Delayed 2021 Road Improvements

Dear Ted:

Per your request, Bolton & Menk has prepared this proposal for engineering services to provide engineering services for planning and design of delayed 2021 road improvements. It is our understanding that the City would like to complete the necessary planning and design so that construction plans can be completed and approved by December 31, 2021.

Specifically, Bolton & Menk understands the services should be based on the following road planned improvement scope and schedule:

- Wild Wind Ranch Drive Construction plans have been prepared for Full Depth Reclamation/Reconstruction. Construction would be planned for 2022.
- Rushmore Boulevard and Trail Feasibility study work has been completed. Full Depth Reclamation would be planned for 2022.
- Birch Narrows Road Feasibility study work has been completed. Full Depth Reclamation would be planned for 2022.
- Whitefish Avenue, Hilltop Drive, Woodland Drive, and Cool Haven Lane Although the feasibility study work completed recommended mill & overlay construction, further consideration will be given to pavement patching and an aggregate chipseal project with Crow Wing County in 2022.
- Harbor Lane Feasibility study work has been completed. Full Depth Reclamation construction was recommended but a number of issues were identified with road easement, drainage, and potential trail planning. It is anticipated that preliminary planning and improvement discussion would take place in 2021, engineering design and construction plan preparation would be completed in 2022, and construction would be completed in 2023.

Our review of the Feasibility Report prepared by Widseth indicates field survey work was completed for the City. Efforts to obtain that information have not been successful to this point. As a result, our proposal fee assumes that we will need to provide field survey services for an assumed 50' width to obtain the information necessary for design and construction plan

Name: Ted Strand Date: April 30, 2021 Page: 2

preparation. We do not intend to survey the entire road right-of-way or establish boundary. If existing survey information becomes available, we would attempt to use the previously collected field data and only supplement as needed.

Additionally, our preliminary services would include an improvement timing update, setup of information gathering platform (Input ID), setup of public information meetings, update of the Feasibility Report previously prepared, and facilitation of the Public Improvement Hearing (required). We assume the previously obtain improvement benefit appraisal information remains valid and have not included additional costs for updating of that information by the appraisal company. We would provide a supplemental proposal from the appraisal company for update services if directed by the City.

Scope:

To assist the City of Crosslake, we propose the following scope completion relative to the identified improvement segments.

Wild Wind Ranch Drive

Field services will only include investigation of pavement and subgrade materials via shallow (5' deep) soil borings (3 to 4 assumed). Our intent is to verify the design adequately addresses the situation and provides for the appropriate construction effort. We want to protect the City by assuring that the appropriate level of construction is identified and included with the bid work rather than having to negotiate scope changes after construction has started.

Only minor engineering services to prepare bidding documents are included in our fee proposal for this improvement segment. If the soil boring investigation shows that the construction effort needs to be expanded, we would prepare a fee amendment for the City to review and approve that would direct Bolton & Menk to redline the existing plans and update quantities for the extent of work required so it is included with the competitive bid.

Rushmoor Boulevard and Trail, Birch Narrows Road

Field services will include the topographic data collection 50' wide along identified roads and investigation of pavement and subgrade materials via shallow (5' deep) soil borings (3 assumed). Our field services do not include title search for easement acquisition assistance or wetland delineation on these improvement segments. There are road segments that are on or near private property and it may be desirable to obtain a drainage easement in locations where there is limited easement identified. We would provide a supplemental proposal for those services if directed by the City.

Preliminary design services would include review of proposed construction approach and coordination with Crow Wing County and utility companies as needed.

Final design services would include final design, preparation of construction plans, preparation of bidding documents, and preparation of permit applications, as required.

Name: Ted Strand Date: April 30, 2021 Page: 3

Whitefish Avenue, Hilltop Drive, Woodland Drive, and Cool Haven Lane

Field services will include the topographic and boundary data collection in two small areas only along Whitefish Avenue (the sharp corner near Hilltop Drive and the drainage concern on the platted lake access). No soil investigation is planned. Our field services do not include title search for easement acquisition assistance or wetland delineation on these improvement segments. We would provide a supplemental proposal for those services if directed by the City.

Preliminary design services would include coordination with utility companies as needed.

Final design services would be limited to the survey locations. It is assumed that the City will be able to work directly with Crow Wing County for development of sealcoat plans for these segments.

Harbor Lane

Field service will include location of the existing paved road to establish width and alignment across private property and investigation of pavement and subgrade materials via shallow (5' deep) soil borings (3 assumed). Our field services include title reports for 6 private parcels and the establishment of those property boundaries to work with the City and private property owners to create a Right-of-Way Plat.

Preliminary design services would include review of the proposed road improvement and consideration of roadway drainage. In addition, we would assist the City with preliminary trail planning discussions.

Professional Fee:

Based on our understanding of the City request, we estimate a total cost of \$58,800 to provide the professional services outlined previously. We propose to provide our fee as hourly work, not to exceed the total fee based on the work elements described in this proposal. A breakdown of cost for the major service categories provided is provided below. Further detail can be provided upon request.

Services Provided	Fee
Geotechnical (Wild Wind Ranch Drive, Birch Narrows Road, Rushmoor	\$3,000
Boulevard and Trail, Harbor Lane)	
Survey	\$22,150
Engineering	\$33,650
Public Bid, Award, Contract Preparation	TBD
Construction Survey and Observation	TBD

Schedule:

We propose to begin immediately upon receipt of a notice to proceed with the following general schedule:

• Project Update

May 2021 June/July 2021

Input ID Setup and Information Meeting Opportunity

Bolton & Menk is an equal opportunity employer.

Real People. Real Solutions.

MEMORANDUM

 Date:
 March 25, 2022

 To:
 Ted Strand, Public Works Director; Mike Lyonais, City Administrator

 From:
 Phil Martin, PE

 Subject:
 Public Works and council Update

CSAH 66 Improvements

The City Council directed staff to review options to reduce the assessed amount closer to the 20% minimum of project cost (\$2,537,180) or potential bonding amounts and transfer more costs to the general fund. As a result, we reviewed and prepared the attached scenarios that were provided in summary form to the Public Works Committee at their March 7, 2022 meeting. The scenarios are described below and summarized in the table that follows:

- 1: Base: 9/2021 Improvement Hearing This reflects the information that was presented to the public for comment prior to the City Council direction to conduct public bidding of the improvements.
- 1a: Base w/ lot and stormwater adjustment This reflects adjustment of the 9/2021 Improvement Hearing mock assessment to reduce the Log Church area to westerly 350' on the south parcel (extent of parking lot) and to remove the easement area at the Log Church parcel and the Simonson Lumber parcel from assessment consideration.
- 2: Scenario 1a adjustments and reflects assessment of 20% of a \$2.1 M bond which is the total project cost minus the BWSR Grant and ARPA Funds.
- 3: Scenario 1a adjustments and reflects assessment of 20% of a \$1.5 M bond which is the total project cost minus the BWSR Grant, ARPA Funds, and the anticipated County contribution in 2024. <u>The validity of this assessment scenario to meet statute requirements should be verified in writing by the City's bond consul.</u>

		Assessment Rate	
Assessment Scenario (Cost Basis)	Amount Assessed	Residential	Non-residential
1: Base from 9/2021 (\$2,537,180)	\$594,023.15 (23.4%)	\$7,000	\$0.35/sq ft
1a: 9/2021 Base adjusted (\$2,537,180)	\$579,920.60 (22.8%)	\$7,000	\$0.35/sq ft
2: Scenario 1a adjusted (\$2.1 M Bond)	\$425,598.16 (20.3%)	\$5,000	\$0.26/sq ft
3: Scenario 1a adjusted (\$1.5 M bond)	\$307,014.04 (20.5%)	\$3,500	\$0.19/sq ft

The next steps are for the Council to set a date for the Final Assessment hearing (if not already done) and select an assessment scenario for City staff to use to provide individual property notice of proposed assessment. This assessment scenario selection would require at least a four-fifths vote and could be done at the regular Council meeting in April, or sooner if the City desires.

At the Final Assessment hearing in May, the Council would take input. Those opposed to their assessment would need to provide their opposition in writing at or before the meeting to preserve their right to appeal to District Court as prescribed by Statute 429. Based on the input received, the Council could make modifications and adopt the final assessment roll, or adopt the final assessment roll as presented in the selected assessment scenario. We understand that the decision to adopt the final assessment roll would require a simple majority (three-fifths) vote and once completed would trigger the 30-day period for those that properly provided their opposition to appeal their assessment to District Court.

CSAH 66 Assessment and Recommendation March 25, 2022 Page 2

From our perspective, all the assessment scenarios are defendable based on the opinion of market value benefit the City received as they began to develop this improvement. However, assessment scenario 1a: implements an assessment rate that falls within the opinion of market value benefit range that were originally identified and results in an assessed proportion closer to the 25% threshold recommended by the City's bond consul. We believe this result is consistent with the City assessment policy and will provide a strong basis for the City of Crosslake as they move forward with other future capital improvements throughout the City.

2022 Street Improvements

Bid were opened on Tuesday, March 22, 2022 and the City received two bids. The low bidder on the project was Anderson Brothers construction company. Their bid was \$661,525. The Engineer's Estimate for the work was \$720,000. Since the City is familiar with Anderson Brothers, we will be providing a recommendation to accept their bid.
