Watertown June 26<sup>th</sup> 1922

Supervisors met as board of review; All members Present. The assessors returns were carefully examined and pronounced O. K. The board then took up the matter of road work, and it was decided to look over the road past Mr. Jensen's farm on Monday, July 2<sup>nd</sup>, to see what can be done with it, as Mr. Jensen has put in a pick; but it was agreed that very little work can be done this summer, as there will be scarcely money enough to pay up the present indebtedness. The clerk was ordered to mail notices to parties who have lots in the cemetery that are not paid for, requesting an early settlement. This was done.

Some bills were audited and the meeting adjourned at 5.30 P. M.
